Dear GCF colleagues,

In response to the call for inputs to the Strategic Plan revison, from Tecnalia as active observers we would like to suggest the following considerations:

- To aim developing actions and investments addressing in an integrated manner adaptation and mitigation challenges.
- To prioritize integrated actions and investments responding to challenges and risks which are generated by combined-hazards generating effects with multi-sector consequences for which a multi-scalar approach is necessary.
- To contribute to capacity building in vulnerable geographies enhancing and busting the use of global harmonized climate data sources which would allow comparability as well as also contribute to standardization and stock taking for monitoring, evaluation and reporting, specially in the field of adaptation which is lagging behind emissions and mitigation spheres.

We hope these modest contributions could be of use. Kind regards

---

Subject: [Extension] Request for Input to GCF's Strategic Plan
To: Active observers and focal points of accredited observer organizations,
Dear active observers and focal points of accredited observer organizations,
Upon consultation with the Co-Chairs of the Board, we would like to communicate that submission of inputs for the update of the Strategic Plan can now be received until May 31st.
We thank you for submissions already made up to date and would like to invite you, if you had not done so, to send inputs to oed.strategy@gcfund.org by the new due date.
Yours sincerely,
Kilaparti Ramakrishna

Subject: Request for Input to GCF's Strategic Plan

Subject: Request for Input to GCF's Strategic Plan

To: Active observers and focal points of accredited observer organizations,

Dear active observers and focal points of accredited observer organizations,

As you may be aware, the Green Climate Fund (GCF) has embarked on its first replenishment process, which is expected to conclude by the end of 2019. In this context, the GCF is also updating its initial Strategic Plan for consideration by the Board at its Twenty-Fourth Meeting in October 2019. To inform this update, the GCF Board, by its decision B.22/06, invited advisory groups, active observers and observer organizations to submit their inputs for this update, as in the attached details of decision.

In accordance with the Board's request, the Secretariat is seeking your ideas and recommendations on setting the Fund's overall strategic directions and priorities of action that:

a) Reflect your views on GCF's strategic directions, priorities, approaches, and plans;

b) Respond to your views, needs and priorities on pursuing impactful implementation of climate actions to address climate change; and

c) Lead to the improvement and enhancement of the Fund's overall operations.

Your input is kindly requested to be made by **30 April 2019**, by responding to: oed.strategy@gcfund.org. Also, please note that the Secretariat will publish all submissions on the GCF website as requested by the Board.

Provided below are links to some key documents of the Secretariat, for your reference:
