

Q: For Phase 2 deliverables, does the GCF expect to see industry guidelines incorporated into the Credit and Investment Guidelines, or does it wish to have a separate suite of 8 Industry Guideline documents?

A: The Fund would prefer the industry guidelines separate from the investment and credit guidelines, however will consider an approach where they are integrated.

Q: What testing, if any, does the GCF expect the consultants to undertake on the full suite of Phase 1 and 2 deliverables? For e.g., does it wish the consultants to perform indicative scenario modelling as part of the work?

A: No testing is required.

Q: The RFP states that the consultancy is expected to take a maximum of 2 months starting from contract signature ([22 September 2015](#)). This would imply a deadline of [22 November 2015](#). However, the RFP further states that Phase 1 is to be delivered no later than [9 October 2015](#) and Phase 2 by [30 October](#). Please confirm Phase 1 and 2 due dates.

A: Phase 1 is the 9<sup>th</sup> of October, phase 2 is the 30<sup>th</sup> of October.

Q: The GCF had previously tendered for advice regarding "Developing Methodology for Determining the Risk Appetite of the Green Climate Fund" in March 2015. The deliverables from that work appear to be linked to this RFP. What non - sensitive information can the GCF share from the previous work to help consultants respond to this RFP?

A: The Fund's risk management policies and frameworks are all publicly available on the GCF website here: <http://www.gcfund.org/documents/all-board-documents.html>  
The Fund's methodology to determine and define the risk appetite is available within these documents, and contains an overview of the enterprise level risk management of the organization. It can be found here:
