

Replenishment – Outreach and Partnership Consultant

Songdo, South Korea

The Green Climate Fund is a new multilateral fund created to make a significant and ambitious contribution to the global efforts towards attaining the goals set by the international community to combat climate change.

GCF will contribute to the achievement of the ultimate objective of the United Nations Framework Convention on Climate Change. In the context of sustainable development, GCF will promote the paradigm shift towards low-emission and climate-resilient development pathways by providing support to developing countries to limit or reduce their greenhouse gas emissions and to adapt to the impacts of climate change, taking into account the needs of those developing countries particularly vulnerable to the adverse effects of climate change. GCF will pursue a country-driven approach in its operations.

The Fund is governed by a Board, composed of an equal representation of developed and developing countries. The Fund is operated by an independent Secretariat headed by an Executive Director.

The Division of External Affairs (DEA) was recently established with its primary responsibility for the Fund's strategic resource mobilization, outreach/partnerships, and communications.

Role

Under the overall guidance of the Director of External Affairs, the consultant will provide support in donor mapping, donor relations, preparation for and organization of targeted outreach activities, consultancy meetings and database management.

Duties and responsibilities

The Consultant will be responsible for but not limited to:

- Analytical and operational support in donor relations management, outreach and partnerships;
- Analytical and operational support for the preparation of key documents and reports. This may include background research, conducting analytical work, drafting written inputs, engagement through email and phone calls with other Fund staffs, and oversight and coordination of the relevant document internally up to the point of publication;
- Support to the working groups of the Fund as deemed necessary. This may include organizing meetings, preparing relevant documentation, taking minutes at meetings, and circulating summaries both internally and to the relevant working group;
- Participation in and organizational and substantive support for the replenishment consultation meetings and other events and overseas missions related to the external relations of the Fund. This may include assisting in the preparation of relevant documentation, taking meeting minutes, preparing summaries of discussions for the Report of the Meeting; and
- Additional analytical and operational tasks as assigned by the Deputy Director of External Affairs.

Required experience and qualifications

- Master's level degree in climate policy, development policy, environmental management, international relations or related fields;
- Minimum four years of relevant work experience. Climate finance or international negotiations experience is desirable;
- Ability to read and communicate (written and spoken) fluently in English. The ability to read and communicate in other major languages (French, Spanish, Russian, Chinese, Arabic) is desirable but not mandatory; and
- Strong competence and autonomy in the use of standard software programmes: Excel, Word, PowerPoint, Outlook, and Access.

Applications from women and nationals from developing countries are strongly encouraged.

Interested candidates are required to send an email attaching their CV and a letter of interest in a single file to: roster@gcfund.org
