Dear Ms Cheikhrouhou

Re: Australia’s contribution to the Green Climate Fund, 2015-2018

I am writing in reference to the Contribution Arrangement I recently signed between Australia (acting through the Department of Foreign Affairs and Trade), the Green Climate Fund ("GCF") and the International Bank for Reconstruction and Development, serving as the interim trustee of the Green Climate Fund trust fund, relating to Australia’s AUD 200 million contribution to the GCF ("Australian contribution").

In approving Australia’s contribution to the GCF, the Australian Government has requested that our contribution should facilitate, including through the GCF’s Private Sector Facility, private-sector led economic growth in the Indo-Pacific region. This will have a particular focus on investment in infrastructure, energy, forestry, and emissions reduction programmes. This letter confirms our understanding that, consistent with allocation decisions taken by the GCF Board, Australia’s contribution (as part of all contributions) will be used to support these priorities.

I have also attached details of Australia’s standards and expectations of all multilateral organisations that receive funding under the Australian aid program. It is our expectation that all of these requirements will be addressed by the GCF and reflected in GCF policies and systems when finalised.

I propose that this letter and your letter of reply would constitute an exchange of letters concerning Australia’s contribution to the GCF.

Yours sincerely

Ewen McDonald

Multilateral Compliance Clauses in multi-year funding instruments – Australian aid program

Fraud and Anti-Corruption

The Commonwealth of Australia, acting through the Department of Foreign Affairs and Trade (DFAT) and the Green Climate Fund are committed to preventing and detecting fraud and corruption including bribery. The Green Climate Fund is responsible for preventing and detecting fraud and corruption in respect to funds provided under the Trust Fund Contribution Arrangement among the Commonwealth of Australia, [acting through the Department of Foreign Affairs and Trade], the Green Climate Fund, and the International Bank for Reconstruction and Development, serving as the interim trustee of the Green Climate Fund Trust Fund concerning the Green Climate Fund Trust Fund (MTO No. 069022) (the Contribution Arrangement).

The Green Climate Fund will, within its own governance and policy framework, promptly notify DFAT of any suspected or actual fraud and corruption cases detected, and undertake relevant investigative and funds recovery action. Where appropriate the Green Climate Fund will refer the matter to the relevant police or other authorities responsible for the prosecution of fraudulent and corrupt activity.

The Green Climate Fund will regularly inform DFAT of the status of actions undertaken and investigative outcomes as soon as practical after their completion or a determination reached.

In consultation with the Green Climate Fund, DFAT may request the return of funds provided under the Contribution Arrangement where fraud, corruption or bribery has been identified.

Where practicable, the Green Climate Fund will consult with DFAT prior to the publication or release of information relating to these matters.

Sanctions and Counter Terrorism

DFAT and Green Climate Fund are firmly committed to full implementation of UN Security Council Resolutions relating to sanctions, including UNSC Resolutions 1373 (2001) and 1267 (1999) and related resolutions against the financing of terrorism. Consistent with applicable Australian laws, DFAT seeks to take reasonable precautions, and to exercise due diligence, to ensure that none of its funds are provided, directly or indirectly, to individuals or entities designated by the UN Security Council, its committees or the Australian Government for targeted financial sanctions, or otherwise used to provide support to individuals or entities associated with terrorism.

To those ends, the Green Climate Fund is committed to taking appropriate steps to ensure that funding provided by DFAT to support the Green Climate Fund is not provided to, or otherwise used to provide assistance or support to, designated persons or entities, terrorists or terrorist organizations, and will inform DFAT immediately if, during the term of the Contribution Arrangement, the Green Climate Fund determines that any such funds have been so used.

Child Protection

Australia is a signatory to the United Nations Convention on the Rights of the Child. DFAT’s commitment to upholding the rights and obligations under this convention is reflected in the DFAT Child Protection Policy.
The Green Climate Fund will not engage in any practice inconsistent with the rights set forth in the Convention on the Rights of the Child. The Green Climate Fund acknowledges DFAT’s commitment to child protection as set out in the DFAT Child Protection Policy.

With respect to funds provided under the Contribution Arrangement, the Green Climate Fund is responsible for protecting children from abuse in accordance with the principles set out under the UN Convention on the Rights of the Child and within its own governance and policy framework.

Where practicable, the Green Climate Fund will consult with DFAT prior to the publication or release of information relating to Child Protection.

**Transparency**

DFAT is committed to high standards of transparency and accountability in the management of the Australian aid program. DFAT will give effect to this commitment through publishing information on the aid program on the DFAT website, including policies, plans, results, evaluations and research.

It is expected that the Green Climate Fund will apply principles of transparency to Australian funds provided under the Contribution Arrangement in accordance with its own governance and policy framework.

Where practicable, the Green Climate Fund will consult with DFAT prior to the publication or release of information regarded as sensitive (for example, child protection, fraud or corruption matters).

**Branding**

Wherever Australia provides support for activities led by the Green Climate Fund, that support will receive appropriate recognition from the Green Climate Fund in accordance with its own governance and policy framework.

The Green Climate Fund acknowledgement of DFAT funds could include publications, both hard copy and electronic, use of the Australian aid identifier, media, speeches and other announcements.

Where practicable, the Green Climate Fund will consult with DFAT prior to the publication or release of information relating to branding.
Subject: Your letter dated 15 June 2015
