CLARIFICATION NO. 1

EXPRESSION OF INTEREST – Review of the Financial Terms and Conditions: Review of the Independent Technical Advisory Panel

The GCF is hereby communicating to all potential Proposers answers to the requests for clarifications received.

Clarification requested	GCF Response
Could you please clarify the expected level of effort for each assignment? The REOI states that duration of the assignment is “Approximately six weeks over four months”. Are six weeks equivalent to 30 days of work? If yes, would this level of effort apply to each team member or to both of them?	We are requesting 30 days for both team members.
Could you please clarify what is understood as “expected inputs from the GCF for execution of the assignment”? Would you like the EOI to include a budget? If yes, could you provide an approximate budget range for this assignment?	There is no budget allocated at the Expression of Interest stage.
