## **Request For Proposals (RFP 2016/PSF2)**

### Clarifications of RFP documents

As per section 3 of the RFP 2016/PSF2 for the Design and Establishment of an RFP Programme for Private Sector Funding of Micro, Small, and Medium Enterprise Activities by the Private Sector Facility, GCF is hereby communicating to all potential Proposers the answer to a request for clarification received.

#### Proposer question

We note in the Clarifications of RfP documents published on February 2nd, 2016 that the Secretariat provides new information in respect of indicative disbursement levels under both the Mobilising Funds at Scale Programme (RFP 2016/PSF3) and the Micro, Small and Medium Enterprise Activities programme (RFP 2016/PSF2). Given the GCF Board's broader ambitions for disbursement over 2016/2017, we would like to clarify that the overall objective would be to design these programmes such that they attract sufficient market interest and quality in order to disburse as much as possible within the commitment ceilings of \$500m (MFS) and \$200m (MSMS) respectively.

#### Answer

GCF has allocated a maximum of USD 500 million for RFP programmes mobilizing funding at scale and USD 200 million for RFP programmes for MSME activities.
