“The members of the Board and their alternates will be selected by their respective constituency or regional group within a constituency. Members of the Board will have the necessary experience and skills, notably in the areas of climate change and development finance, with due consideration given to gender balance.” – Paragraph 11 of Governing Instrument

The COP invited Parties to make additional efforts to achieve the goal of gender balance in UNFCCC bodies (see decision 3/CP.23).

“The meaningful inclusion of women in decision-making increases effectiveness and productivity, brings new perspectives and solutions to the table, unlocks greater resources, and strengthens efforts across all the three pillars of our work.” - United Nations Secretary-General António Guterres
