Proposed Action Plan

Objective	Action	Indicator	Responsible Institution
Output 1 – A working building sector MRV, knowledge management, and MRV information disseminated			
Gender balanced employment	<p>Contracting women in civil works (if available) , financial and customer services, and as female engineers</p> <p>Liaise with the local labor bureau and construction companies to help inform women of the availability of jobs (direct and indirect) during construction</p> <p>Require contractors or ESCOs to employ local labor including women, as appropriate</p>	<p>Number of women and men employed through jobs created from the project</p> <p>Number of men and women small-scale service providers such as food services during project implementation</p>	MoNP and Municipality of Yerevan
Ensure users' outreach, information campaign, and development of communication and dissemination strategy includes women	<p>Consult both men and women on type of information needs during scoping</p> <p>Develop information-awareness material on MRV, EMIS, EE building retrofit, details on how to access affordable capital for building retrofits, as appropriate</p> <p>Include female-headed households in workshops and ensure that they have equal participation in the project</p> <p>Conduct online survey after use of project website capturing gender of users</p> <p>Ensure that information material is gender sensitive</p> <p>Mobilize women's groups to promote consumer energy efficiency awareness</p>	<p>Number of women and men trained in using MRV and EMIS</p> <p>Number of programs or fairs to promote energy efficiency</p> <p>Number of men and women users of project website</p> <p>Number of women's group involved</p>	MoNP and Municipality of Yerevan
Output 2: Selected policy instruments, facilitated market, and developed building sector EE projects to promote energy efficiency investments			

Objective	Action	Indicator	Responsible Institution
Active women participation in developing new energy efficiency building codes and standards, and in developing EE projects	<p>Encourage HMCs and installers/suppliers who can act as facilitators for connecting HOAs with lending products to involve women.</p> <p>Require banks to include women in training on appraising investments (including risk assessment) and developing pipeline projects</p> <p>Identify and invite women head of HOAs (if any) in developing lending products</p>	<p>Number of women and men who participated in town hall meetings, focussed group meeting, etc.</p> <p>Number of women and men HOAs head involved as facilitators</p> <p>Number of men and women trained on appraising investments and developing EE projects</p>	MoNP and Municipality of Yerevan
Output 4: Available and affordable capital for EE building retrofit			
Female-headed households have equal access to affordable capital	<p>Provide technical and administrative support to facilitate access</p> <p>Coordinate in identifying legitimate target households</p>	<p>Number of female-headed households who received funding</p> <p>Number of male/female beneficiaries in the female-headed households</p>	MoNP and Municipality of Yerevan
Improved quality of life of households who received financial support	Monitor improvements through data collection	<p>Reduction in electricity bills</p> <p>% of income spent on space heating</p> <p>Total number of men and women beneficiaries of project</p> <p>Number of days schools are open due to improvement</p> <p>Qualitative assessment of health improvement</p>
