## Section 2: Implementation Progress

Please note that this is section 2 of the six Annual Performance Report (APR) sections. APR will be considered valid only after all the six sections and the additional section on COVID-19 are filled with relevant details.

### 2.1 Overall (summary) project progress

The FAA was signed on July 20, 2020, and it became effective on November 23, 2020, whereas the first disbursement to the Accredited Entity was requested on December 18, 2020. Therefore, implementation is planned to begin in 2021.

There has been disbursement from GCF grant funds to the Accredited Entity at the end of December 2020. Hence, implementation has not started and its expected to begin around April-May 2021).

Regarding the co-financing funds, significant progress has been made with US\$11.29 million loan disbursement (HO-L1179) as well as ongoing activities being financed by non-reimbursable funds (HO-T1347). These include the following achievements:

- a) Component 1 (i) over 30,000 hectares with signed agreement for the restoration of public forest areas under an incentive mechanism, (ii) consultancy for the design of agroforestry systems started and expected to finish by the first quarter of 2021, and (iii) started consultancy for the design of incentive mechanism for restoration of private forests
- b) Component 2 (i) ongoing design of the early warning system for forestry plagues, design to be completed by March 2021, and (ii) 41 technicians trained.
- c) Component 3 (i) pre-feasibility analysis for the identification and establishment of financial mechanisms for payments for environmental services systems in the intervention area to be completed by April 2021.

Provide a narrative report describing the overall progress on the implementation of the funded activity, focusing on implementation achievements, delays, and challenges according to the planned activities. As relevant, include references to other sections of this report (including Annexes or Attachments). Include a description of key milestones of the funded activity achieved during this reporting period including any deviations from original expectations. Also, describe challenges encountered and actions undertaken to resolve these challenges, and lessons learned during the implementation, including issues related to non-compliance with GCF standards or conditions, if any. In parallel, include positive achievements and better-than-expected results. If any issues have arisen in the last twelve (12) months of implementation that may result in a change to the scope and/or timing of the project, please provide a description of those items and how they have impacted the implementation period and final targets. Kindly make sure that this section just gives an overall summary and doesn't have overlap with other sections.

### 2.2 Performance against the GCF investment criteria (summary)

Provide a narrative report describing the progress on the funded activity's performance against the GCF investment criteria framework. The performance should be compared against the initial assessment provided in the Board-approved Funding Proposal (section E). The list of the investment criteria as per the current framework is provided below. For each investment criteria outlined below, please include an assessment of current status, changes, progress and impact of the project as well as any impact of project context on the project during this reporting period against the initial baseline scenario and planned activities as per the assessment presented in the approved Funding Proposal. This sub-section 2.2 is not applicable for REDD+ Results-Based Payments Projects. Please write 'Not Applicable' as the response.
