Maps indicating the location of proposed interventions

Annex 16 – Maps indicating the location of proposed interventions

The below map outlines the three major sub-regions of Oceania: Micronesia, Melanesia and Polynesia. The Cook Islands (CK), Niue (NU) and Tuvalu (TV) are Polynesian; the Republic of the Marshall Islands (MH) and Palau (PW) are Micronesian.

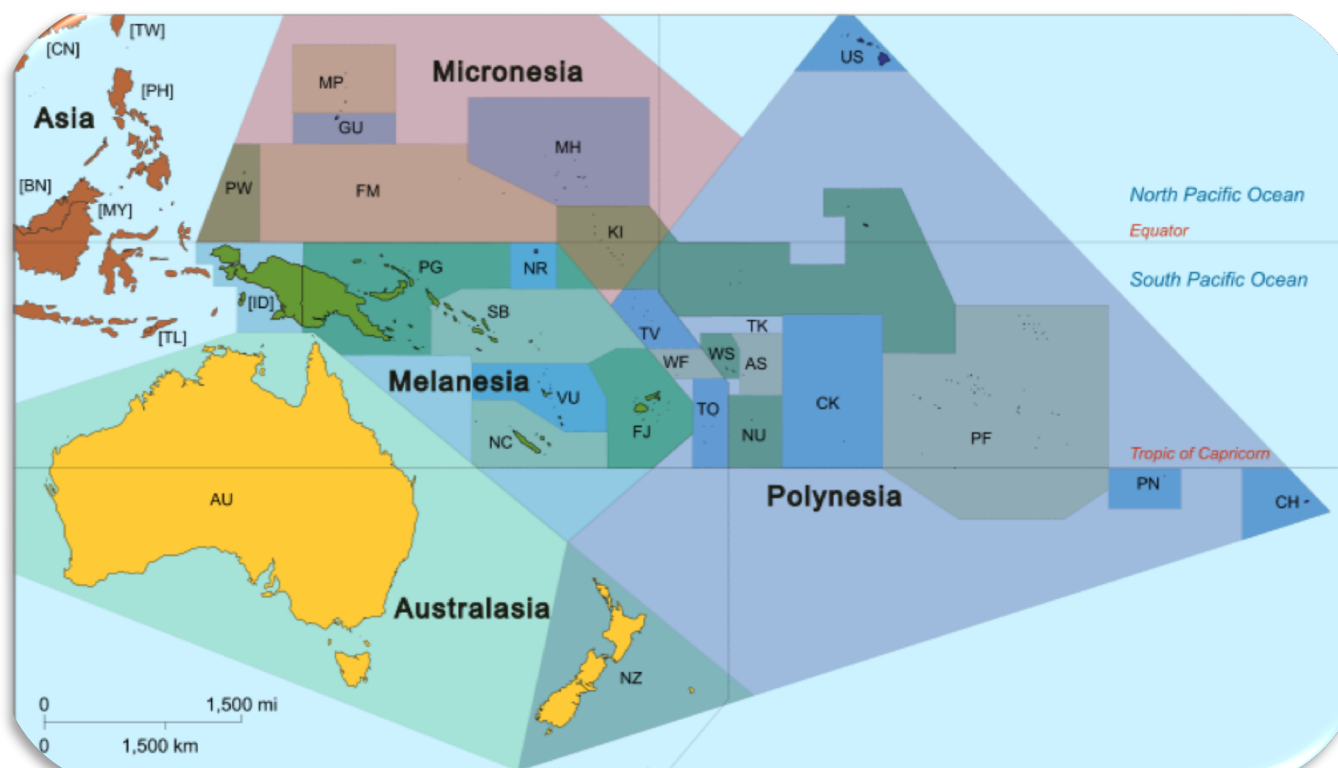

Figure 1: Map of the Pacific (Source: Wikipedia).

The following maps indicate the islands/atolls that constitute each of the five Programme countries and the locations of the countries within the Pacific region.
