

Rome, 24 April 2020

**Letter of Intent to contribute to GCF project Burundi: Climate proofing food production investments in Imbo and Moso basins**

To whom it might concern,

We are pleased to inform you that in case of approval of the project for Burundi “Climate proofing food production investments in Imbo and Moso basins” (the “Funded Activity”) by the Board of the Green Climate Fund (GCF), the International Fund for Agricultural Development (IFAD) will endeavor to provide co-financing to the Funded Activity as described in the Funding Proposal submitted by IFAD (the “Funding Proposal”) to the GCF for its consideration.

The planned amount for the co-financing would be provided by IFAD to the Republic of Burundi for an amount of up to twenty-one million seven hundred and twenty-seven thousand dollars (USD 21 727 000) to be used for the Agricultural Production Intensification and Vulnerability Reduction Project (PIPARV-B), which has been approved by the IFAD Executive Board on 14 December 2018. It is envisaged that such an amount will be allocated in the form of a grant.

Yours sincerely,

Sara Mbago-Bhunu  
Director  
East and Southern Africa Division  
Programme Management Department
