**Object: Letter of commitment for the operation and maintenance of equipment from which ANACM will benefit throughout and beyond the implementation period of Hydromet project and after the project**

Dear Sir, Madame,

Following the reference letter: N / ref 915 SG-COI / GB within the framework of the IOC Hydromet project, that each institution or organization beneficiary of meteorological and other equipment, must commit to good operational management and maintenance of this equipment from which it will benefit throughout the project and beyond the project implementation period.

I, NASSUR BEN ALI hereby commit myself in my capacity of Director General of the National Civil Aviation and Meteorology Agency to make necessary arrangements provide available means and looking for additional resources so that during and beyond the implementation period the operation and maintenance of equipment that will benefit the Technical Directorate of Meteorology through the Hydromet project will be correctly done

I confirm here that we are already working in close collaboration with ASECNA and RIMES under national level partnerships and memorandum of understanding for technical supports.

As a project partner, my organization intends to take on the tasks and roles defined in the project document by strengthening the capacities of its staff through the project and so ensure the operation and maintenance of its equipment.

Sincerely yours,

**NASSUR BEN ALI  
GENERAL DIRECTOR**
