**RE: LETTER OF CoMMITMENT FOR CO - FINANCING UP TO USD 1,030,191.**

Dear Sir / Madam,

As one of the Executing agencies, the Belgian Development Agency (ENABEL) intends to support the GCF project "Transforming Eastern Province through Adaptation (TREPA)" by contributing up to 1 million thirty thousand one hundred ninety-one USD over the project period as follows:

Name of co-financing institution	Type	Financial instrument	Co-financing amount	Currency
ENABEL	Public	Grant	1,030,191	million USD (\$)

The main objective of the TREPA project is to enhance the climate resilience of drought-degraded landscapes in Rwanda, which sustain the livelihoods of vulnerable rural population. The project aims at building resilience to the impacts of climate change while advancing equitable social welfare and income generating opportunities for communities in Eastern province of Rwanda, hence our support towards this proposal. This ENABEL co-finance will be invested in result 3.4 of the TREPA project, contributing to the applied research on climate resilient agroforestry and biomass technologies that will support the dissemination of proper knowledge and practices across the intervention area.

ENABEL looks forward to advancing its cooperation with IUCN (Accredited Entity), local partners and GCF towards a successful implementation of this project.

Please accept the assurance of my highest consideration and esteem.

Sincerely,

**Dirk DEPREZ**

**Resident Representative**
