Banco Pichincha is interested in taking part as an active institutional participant of the **"Climate Change: The New Evolutionary Challenge for the Galapagos"** Programme. Banco Pichincha believes the support provided by the Programme is very much aligned with our Institutional goals related with climate change and our aspirations to develop a green credit line.

Banco Pichincha is not only the largest Ecuadorian bank in terms assets, deposits among other important financial metrics, but is also the leader in the green finance sector in the country, with significant managerial and technological experience in the development of green credit solutions for the Ecuadorian credit market.

We would be glad to provide additional information if required.

Yours sincerely,

 **BANCO PICHINCHA**
