Re: Internal Approval to Implement Proposed Funded Activity

To Whom It May Concern,

I am the Senior Vice President and General Counsel of World Wildlife Fund, Inc. (the "Accredited Entity"), and in such capacity I am duly authorized to issue this certificate in accordance with the Accreditation Master Agreement entered into between the Accredited Entity and Fund, dated 16 November 2017, as amended and restated on 12 December 2022.

For the issuance of this certificate, I have reviewed the Bylaws of WWF-US, which provide that the President of the Corporation shall exercise general supervision and control over day-to-day operations of the Corporation and may be assisted in the performance of duties by one or more Vice Presidents, or such other management employees of the Corporation as are necessary for the proper operation of the Corporation. Lucas Black, Vice President Climate Finance of WWF-US, is a management employee with responsibility for WWF-US' role as an Accredited Entity for the Fund. Mr. Black has presented Heritage Colombia (HECO): Maximizing the contributions of Sustainably Managed Landscapes in Colombia for achievement of Climate Goals (the "Funded Activity") to WWF-US' senior management and relevant program, safeguards, and operational teams for approval.

I am of the opinion and confirm that:

- (a) all required internal approvals have been obtained by the Accredited Entity to undertake the Funded Activity; and
- (b) the Accredited Entity has the capacity and authority to implement the Funded Activity.

Sincerely,

Margaret L. Ackerley
Senior Vice President and General Counsel
