Dear colleagues at the Green Climate Fund:

It is a pleasure to state through this letter our commitment to contribute with co-finance to the Simplified Approval Process (SAP) Funding Proposal “Marajó Resiliente: Enhancing the resilience of smallholders to climate change impacts through adapting and scaling up diversified agroforestry systems in the Marajo Archipelago of Brazil”, to be executed in Brazil. Fundación Avina commits to a grant contribution equivalent to USD500,000 (Five Hundred Thousand Dollars) cash, which will be achieved by leveraging other or allocating our own resources.

We appreciate your support and trust and look forward to collaborating with the GCF in this project.

Warm regards,

Gabriel Baracatt
CEO
Fundación Avina.
