Re: Co-financing intention letter for Climate-Smart rice project in Thailand

Dear Madam/Sir,

I am writing to you to express our intention to support the project "Thai Rice: Strengthening Climate Smart Rice Farming" in Thailand that was proposed to the Green Climate Fund (GCF) for funding.

This is to confirm our intention to provide the agreed contributions of PepsiCo RSA to co-finance the program, should the proposal be approved and required contracts between PepsiCo and GIZ successfully be executed, with a total value of up to \$ 1 MM USD over the 5-year project lifespan (US \$ 750.000 of cash and US \$ 250.000 in-kind).

Sincerely yours,

Rob Meyers
Vice President Sustainable Agriculture, PepsiCo
