Re: Co-financing letter for the “GCF Thai Rice” project in Thailand

Dear Madam/Sir,

I am writing to you to express our commitment to support the “GCF Thai Rice: Strengthening Climate-Smart Rice Farming in Thailand” project that was proposed to the Green Climate Fund (GCF) for funding.

This is to confirm the intended cash and in-kind contribution of Ebro Foods to co-finance the project, should the proposal be approved, with a total value of 1,000,000 EUR (EUR 500,000 cash and EUR 500,000 in-kind). The contribution is reliant on the continued participation of the other private sector partners (i.e. Mars, Olam). This letter constitutes a declaration of intent, as the final funding decision is subject to the execution of necessary contracts between GIZ and Ebro Foods.

Sincerely yours,

Diederik J. Pretorius
Compliance and Sustainability Director
