Jochem Zoetelief
Senior Program Officer

Re: Co-financing commitment letter for Strengthening Climate Information and Multi-Hazard Early Warning Systems for Increased Resilience in Azerbaijan

Dear Jochem Zoetelief,

I am writing to you to express our commitment to support "Strengthening Climate Information and Multi-Hazard Early Warning Systems for Increased Resilience in Azerbaijan" project that was proposed to the Green Climate Fund (GCF) for funding.

This is to confirm the in-kind contribution of the National Hydrometeorological Service (NHS) in the Ministry of Ecology and Natural Resources (MENR) to co-finance the project, should the proposal be approved, with a total value of \$9,654,000.

Sincerely,

Head of National
Hydrometeorological Service

Nazim Makhmudov
