Dear Mr. Gonzalez,

**Re: Internal Approval to Implement Proposed Funded Activity**

In my capacity as the United Nations Environment Programme (“Accredited Entity”) legal representative and signatory of the Green Climate Fund, and as a GCF Coordinator in Policy and Programme Division, I am duly authorized to issue this certificate.

For the issuance of this certificate, I have reviewed:

- (a) UN General Assembly resolution 2997 which established UNEP in 1972, and UN General Assembly Resolution 66/288 which reinforced UNEP’s role and mandate as the leading global environmental authority within the UN system. I have also reviewed the UNEP Programme Manual, and the UNEP Delegation of Authority Policy and Framework for the operational modalities.
- (b) The UNEP Project Review Committee (PRC) records dated 4<sup>th</sup> December 2024, on their review of the proposed Funded Activity titled “Toward Risk-Aware and Climate-resilient communities (TRACT) – Strengthening climate services and impact-based multi-hazard early warning in Maldives ” and
- (c) Completed funding proposal document including annexes for the proposed Funded Activity.

I am of the opinion and confirm that:

- i. all required internal approvals have been obtained by the Accredited Entity to undertake the Funded Activity, as adopted by the Project Review Committee in decision dated 4<sup>th</sup> December 2024; and
- ii. the Accredited Entity has the capacity and authority to implement the Funded Activity.

Yours sincerely

Sean Khan  
Authorized Representative  
GCF Coordinator

Mr. Henry Gonzalez
