Your Ref. No. _____

Date 11th APRIL, 2025

**CO-FINANCING TO THE GCF FUNDED "CLIMATE-RESILIENT
LANDSCAPES FOR SUSTAINABLE LIVELIHOODS IN NORTHERN GHANA**

The Ministry of Works, Housing and Water Resources is by this letter expressing our commitment to support the implementation of the project titled "Climate-Resilient Landscapes for Sustainable Livelihoods in Northern Ghana". The funding proposal has been submitted to the Green Climate Fund (GCF) and Ghana is seeking for support for the implementation of the above-mentioned project via the UN Environment Programme (UNEP).

2. The Ministry is by this letter also confirming our no-objection to the implementation of the "Climate-Resilient Landscapes for Sustainable Livelihoods in Northern Ghana" project. The outcomes of the Project will enhance the development of national capacity for climate information, early warning service delivery and climate resilience of the agriculture sector.

3. In light of the above, the Water Resources Commission will commit an in-kind co-financing support of USD 500,000.00 towards the implementation of the project which is estimated at USD 77,968,048. The in-kind commitment will be provided in the form of costs related to technical staff time, operational support (office assistants, driver, etc.), office space and equipment, utilities (water and electricity) and communication (telephone, internet, etc.)

4. Please accept the assurances of my highest consideration.

REV: STEPHEN YAW OSEI
CHIEF DIRECTOR
