GREEN CLIMATE FUND
I. Introduction

1. The objective of the Green Climate Fund (GCF or Fund) is to contribute to the achievement of the ultimate objective of the United Nations Framework Convention on Climate Change (UNFCCC). In the context of sustainable development, the GCF will promote the paradigm shift towards low-emission and climate-resilient development pathways by providing support to developing countries to limit or reduce their greenhouse gas emissions and to adapt to the impacts of climate change, considering the needs of those developing countries particularly vulnerable to the adverse effects of climate change.

2. The GCF maintains a zero-tolerance policy toward Prohibited Practices and is strongly committed to preventing and combating Prohibited Practices. The GCF expects individuals and entities involved in Fund-related Activities (as defined below) to observe the highest standards of integrity, to refrain from directly or indirectly, condoning, encouraging, participating in or engaging in Prohibited Practices and to take measures, where and when appropriate, to prevent and combat Prohibited Practices regarding all Fund-related Activities.

The purpose of this Policy on Prohibited Practices (Policy) is to establish the specific conduct and activities which are prohibited by the GCF, the obligations of Covered Individuals and Counterparties to uphold the highest standards of integrity and to refrain from Prohibited Practices, and the actions which the GCF may take when prohibited practices are alleged to have occurred in Fund-related Activities.
