

**GREEN
CLIMATE
FUND**

Meeting of the Board

26 – 29 October 2026

Songdo, Incheon, Republic of Korea

Provisional agenda item 10

GCF/B.46/09

5 October 2026

Status of approved funding proposals: adding host countries in respect of FP205 ("Infrastructure Climate Resilient Fund")

Summary

The Board, at its thirty-fifth meeting, approved funding proposal FP205. The Board, at its forty-second meeting, approved the addition of four host countries to the programme. This document requests the Board's approval of the addition of six host countries.

I. Introduction

1. Funded activity FP205, titled “Infrastructure Climate Resilient Fund”, (hereinafter the “**Programme**”), submitted by the Africa Finance Corporation (“**AFC**” or the “**Accredited Entity**”), was approved by the GCF Board at its 35th meeting in March 2023. The funded activity agreement for the Programme (the “**FAA**”) was executed on 22 September 2023 and made effective on 19 January 2024. The Accredited Entity originally included 19 countries in the Programme (Benin, Cameroon, Chad, Cote d’Ivoire, Democratic Republic of Congo, Djibouti, Gabon, the Gambia, Ghana, Guinea, Kenya, Mali, Mauritania, Namibia, Nigeria, Rwanda, Sierra Leone, Togo, Zambia) and at the 42nd meeting of the Board, the Board approved the addition of four (4) additional countries (Angola, Burkina Faso, Senegal, and Uganda). The FAA provides that the Accredited Entity may include additional host countries beyond those originally specified, with the approval of the Board.

2. The Programme has the aim to promote the development of climate resilient infrastructures and prevent significant climate-induced losses that could be associated to infrastructure damages in Africa. The Programme seeks to build climate resilience upfront into the design and financing of infrastructure projects, addressing multiple barriers to climate action through three components that: (1) mobilize blended finance at scale to accelerate CRI investments in the beneficiary African countries; (2) improve climate risk assessments and adaptation solutions for CRI, and improve capacity for scaling up CRI in Africa; (3) strengthen regulatory framework and mainstream innovative climate risk parametric insurance (CRPI) for the long-term viability of CRI investments in Africa. The Programme’s investments will focus on infrastructure in four sectors: Climate resilient Transport and Logistics, Climate resilient energy systems, Climate Resilient Economic Zone, Climate Resilient Telecommunication and Digital Infrastructure.

II. Proposed change

3. The Accredited Entity submitted a change request on 12 August 2026, seeking to add six (6) additional countries to the Programme: Botswana, Lesotho, Morocco, Mozambique, South Africa and Tanzania. This expansion responds to increasing demand from these countries for climate resilience support, aligning with their national adaptation priorities. The expansion will (1) strengthen climate-resilient infrastructure and adaptation initiatives in the six (6) new countries; (2) enhance regional integration and collaboration on climate resilience strategies; (3) expand access to financing for climate adaptation projects in high-risk areas.

4. The Secretariat has evaluated the request to add the six (6) additional of countries and is supportive of the change. Although the addition of six (6) countries is a change to the scope of the Programme, the Secretariat does not consider the change to result in a material and adverse deviation from the intended objective or outcome of the Programme.

5. In its evaluation, the Secretariat noted that when the funding proposal for this Programme was originally submitted to the Secretariat, these six (6) countries were intended to be a part of the Programme, however, the required letters of no-objection were not received by the time the funding proposal was submitted to the Board. The approved funding proposal and FAA contemplated that the AE may request to add countries in the future.

6. In connection with the submission of the change request, AFC undertook consultations with the NDAs of the 23 countries included in the Programme to inform them of the proposed addition of six (6) additional countries to the Programme, pursuant to the requirements of GCF Policy on Restructuring and Cancellation. The consultation was conducted in July 2025 over a period of 35 days. During the consultation period, the AE followed up twice with the NDAs.

7. The AE has received no-objection letters (NOLs) from the six proposed countries. The NOLs are attached in Annex II.

III. Assessment

8. The Secretariat is supportive of expanding the Programme to the six (6) additional countries and the Accredited Entity's effort to increase uptake under the Programme to facilitate the Programme to achieve its target outcomes and objectives.
9. The Accredited Entity has sought and obtained NOLs from the six (6) proposed additional countries and consulted with NDAs of all current host countries.
10. In line with the requirement for Board approval in the FAA and previous instances where accredited entities requested host countries to be included in programmes, the Secretariat has prepared this document, which includes evidence of consultation with the current host countries and NOLs from the proposed additional countries. The Secretariat recommends that the Board takes note of the NOLs and approves the request.

IV. Compliance with GCF policies

11. In submitting this document for Board consideration, the Secretariat confirms that all relevant requirements contained in the FAA and the Policy on Restructuring and Cancellation have been complied with and NDA consultation has taken place.

IV. Recommendation

12. In light of the above considerations, the Secretariat recommends that the Board approves the inclusion of: Botswana, Lesotho, Morocco, Mozambique, South Africa and Tanzania as host countries for FP205.
13. Accordingly, it is recommended that the Board adopt the draft decision contained in annex I to this document.

Annex I: Draft decision of the Board

The Board, having considered document GCF/B.46/09, titled “Status of approved funding proposals: adding host countries in respect of FP205 (“Infrastructure Climate Resilient Fund”):

- (a) Approves the inclusion of Botswana, Lesotho, Morocco, Mozambique, South Africa and Tanzania as host countries for FP205; and
- (b) Authorizes the Secretariat to negotiate and execute the relevant legal agreements to reflect the approvals set out in paragraph (a) above.

Annex II: No-objection letters received from the additional six (6) countries (Botswana, Lesotho, Morocco, Mozambique, South Africa and Tanzania)

Ms. Catherine Koffman
Regional Director
Department of Africa
Green Climate Fund
Republic of Korea

Dear Ms. Koffman,

Re: Funding proposal for the GCF by the Africa Finance Corporation regarding the Infrastructure Climate Resilient Fund (ICRF)

We refer to the programme titled the Infrastructure Climate Resilient Fund (ICRF) in Botswana as included in the funding proposal submitted by the Africa Finance Corporation to us on 1 April 2026.

The undersigned is the duly authorized representative of the National Designated Authority of Botswana.

Pursuant to GCF decision B.08/10, the content of which we acknowledge to have reviewed, we hereby communicate our no-objection to the programme as included in the funding proposal.

By communicating our no-objection, it is implied that:

- a) The government of Botswana has no-objection to the programme as included in the funding proposal;
- b) The programme as included in the funding proposal is in conformity with the national priorities, strategies and plans of Botswana;
- c) In accordance with the GCF's environmental and social safeguards, the programme as included in the funding proposal is in conformity with relevant national laws and regulations.

We also confirm that our national process for ascertaining no-objection to the programme as included in the funding proposal has been duly followed.

We also confirm that our no-objection applies to all projects or activities to be implemented within the scope of the programme.

We acknowledge that this letter will be made publicly available on the GCF website.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'Ignatius K. Oarabile'.

Dear Madam/Sir,

Re: Funding proposal for the GCF by the Africa Finance Corporation regarding the Infrastructure Climate Resilient Fund (ICRF)

We refer to the programme titled *the Infrastructure Climate Resilient Fund (ICRF)* in Lesotho as included in the funding proposal submitted by the Africa Finance Corporation to us on 1 January 2025.

The undersigned is the duly authorized representative of Habofanoe Makopela, the National Designated Authority of Lesotho.

Pursuant to GCF decision B.08/10, the content of which we acknowledge to have reviewed, we hereby communicate our no-objection to the programme as included in the funding proposal.

By communicating our no-objection, it is implied that:

- (a) The government of Lesotho has no-objection to the programme as included in the funding proposal;
- (b) The programme as included in the funding proposal is in conformity with the national priorities, strategies and plans of Lesotho;
- (c) In accordance with the GCF's environmental and social safeguards, the programme as included in the funding proposal is in conformity with relevant national laws and regulations.

We also confirm that our national process for ascertaining no-objection to the programme as included in the funding proposal has been duly followed.

We also confirm that our no-objection applies to all projects or activities to be implemented within the scope of the programme

We acknowledge that this letter will be made publicly available on the GCF website.

NO-OBJECTION LETTER IN RESPECT OF THE FUNDING PROPOSAL FOR THE GREEN CLIMATE FUND BY THE AFRICA FINANCE CORPORATION REGARDING THE INFRASTRUCTURE CLIMATE RESILIENT FUND

Dear Sir/Madam

We refer to the programme titled *the Infrastructure Climate Resilient Fund (ICRF)* in South Africa as included in the funding proposal submitted by the Africa Finance Corporation to the Department of Forestry, Fisheries and the Environment (DFFE) of South Africa on 18 March 2025.

The undersigned is the duly authorised representative of the DFFE, the National Designated Authority of South Africa.

Pursuant to the Green Climate Fund (GCF) Decisions B.08/10, B.37/22, and B.41/02, the content of which we acknowledge to have reviewed, in my capacity as representative of the national designated authority, we hereby communicate our no-objection to the Proposal.

By communicating our no-objection, it is implied that:

- (a) The government of South Africa has no-objection to the Proposal; and
- (b) The Proposal is in conformity with the national priorities, strategies and plans of South Africa.

We also confirm that our national process for ascertaining no-objection to the programme as included in the funding proposal has been duly followed.

Furthermore, we confirm that our no-objection applies to all projects or activities to be implemented within the scope of the programme.

Dodoma, United Republic of Tanzania, 24nd February, 2026

**RE: PROPOSAL FOR THE GCF INFRASTRUCTURE CLIMATE RESILIENCE
FUND (ICRF) BY AFRICA FINANCE CORPORATION FOR THE UNITED
REPUBLIC OF TANZANIA**

Reference is made to the above-captioned heading.

2. We refer to the funding proposal for the Infrastructure Climate Resilience Fund (ICRF), a programme developed by AFC Capital Partners (ACP), which aims to support the construction and execution of climate-resilient infrastructure. We understand that this proposal, as submitted to Green Climate Fund, seeks to include the United Republic of Tanzania as a beneficiary country under this Fund.
3. The undersigned is the duly authorized representative of the Vice President's Office, the National Designated Authority (NDA)/focal point of the United Republic of Tanzania.
4. Pursuant to GCF decisions B.08/10 and B.37/22, the content of which we acknowledge to have reviewed, and having considered the proposal's objectives, we hereby communicate our no-objection to the inclusion of the United Republic of Tanzania as a beneficiary country in the Infrastructure Climate Resilience Fund (ICRF) proposal through CRDB BANK PLC as the Direct Access Entity and implementing partner in the Country.
5. By communicating our no-objection, it is implied that:
 - a) The Government of the United Republic of Tanzania has no-objection to the ICRF proposal as presented.
 - b) The ICRF proposal, with its focus on renewable energy potential and strengthening resilience in infrastructure assets, is in conformity with the

United Republic of Tanzania's national priorities, strategies, and plans, including its Nationally Determined Contributions (NDCs).

6. We also confirm that our national process for ascertaining no-objection to this proposal has been duly followed.
7. We acknowledge that this letter will be made publicly available on the GCF website.
8. Thank you for your continued cooperation.

Kind regards,

Dear GCF National Designated Authorities,

I hope this email finds you well. I am following up on my previous correspondence regarding the proposed expansion of the Infrastructure Climate Resilient Fund (ICRF) to include Botswana, Lesotho, South Africa, Tanzania, Mozambique, Congo Brazzaville, Algeria, Egypt, and Morocco.

As mentioned, we are seeking your consent to submit No-Objection Letters (NOLs) to the Green Climate Fund (GCF) to facilitate this expansion. We would greatly appreciate any feedback or confirmation you may have regarding this request.

We kindly remind you that the deadline for this process is **August 28, 2025**. If we do not receive a response by this date, we will interpret it as a no-objection to the proposal. However, we remain available to address any questions or concerns you may have. Please feel free to reach out via email.

Thank you for your time and consideration. We appreciate your support and look forward to your response.

Best regards,

Elie Aloko

Subject: Proposed Expansion of the Infrastructure Climate Resilient Fund (ICRF) Program

Dear GCF National Designated Authorities,

I am reaching out to you on behalf of the Africa Finance Corporation (being the "AE") and AFC Capital Partners (being the "EE") for a further proposed expansion in FP205 Infrastructure Climate Resilient Fund (or "ICRF").

We would like to consult you on a proposed expansion of ICRF approved by the Green Climate Fund (or "GCF") on 16 Mar 2023 at B.35 (ICRF: <https://www.greenclimate.fund/project/fp205>) to include Botswana, Lesotho, South Africa, Tanzania, Mozambique, Congo Brazzaville, Algeria, Egypt, and Morocco. This expansion aligns with the increasing demand from these countries for support in strengthening their climate resilience in accordance with their national adaptation priorities.

Justification for the Inclusion

The inclusion of the aforementioned countries is driven by the following considerations:

- **Climate Vulnerability:** These countries face significant climate-related challenges, including droughts, floods, and extreme weather events, impacting their vulnerable populations and economic stability.
- **Alignment with Program Objectives:** The ICRF is specifically designed to mobilize private capital for climate-resilient infrastructure. The development and investment priorities of these countries are well aligned with the Fund's strategy and structure.
- **Institutional Commitment and Readiness:** As long-standing AFC member countries, these governments have actively supported the Corporation's mandate and have consistently articulated their interest in accessing climate-resilient infrastructure finance. Their early engagement during the design of the ICRF reflects both a clear demand for the Fund's support and the institutional capacity to effectively participate in its implementation.
- **Opportunities for Multi-Country Projects:** Expanding the geographic scope of the ICRF will also enable the Fund to support regional and multi-country climate-resilient investments via companies who are actively developing cross-border infrastructure projects in the target countries.

Request for Permission to Submit No-Objection Letters (NOLs)

As part of the GCF requirements, we must submit No-Objection Letters (NOLs) from each new participating country. We respectfully request your consent to submit the NOLs to the GCF to include Botswana, Lesotho, South Africa, Tanzania, Mozambique, Congo Brazzaville, Algeria, Egypt & Morocco in the ICRF program. This addition has been carefully reviewed as a non-major change, ensuring it will not impact the project's intended outcomes or the participation of current countries, but will instead enhance multi-regional climate resilience.

We hope to conclude the consultation process on the addition of new NOLs within 30 days from sending this e-mail (being the 28th of August 2025). If no response is received by this date, we will interpret this as a no-objection to the proposal. We remain available for any questions that you might have either by e-mail or by conference call.

Thank you for your continued partnership and support.

Warm regards,

Elie Aloko
