

No-objection letter template

[Important Notes]

The content of the no-objection letter (NOL) templates follows the no-objection procedure adopted by GCF Decisions B.08/10 (initial no-objection procedure) and B.41/02 (initial no-objection procedure as modified by the Board). The NOL templates are therefore not subject to deviation. No additional text should be added or removed from the template.

National designated authorities (NDAs) or focal points are advised to select one of the following two options depending on whether the (proposed) partner is an accredited entity or a Project-specific Assessment Approach (PSAA) applicant:

- **Election 1** for funding proposals (projects and programmes) or Project Preparation Facility (PPF) applications submitted by accredited entities
- **Election 2** for funding proposals (projects and programmes) or PPF applications submitted by PSAA applicants, including:
 - **Additional text in blue to be included** for national, subnational, and regional PSAA applicants

The text which is relevant to the following additional elections can be found from the drop-down list in the template.

- The NOL is for funding proposals and/or PPF applications.
- The NOL is being submitted by the NDA or focal point.
- in respect of funding proposals, it is in respect of a project or a programme.

Additional text in orange to be included in respect of funding proposals, the NDA or focal point is also providing its no-objection to a related PPF application which may be submitted after the submission of the funding proposal to the GCF Secretariat.

The NDA or focal point would also be expected to complete the **highlighted text** and remove the highlight and brackets before formally signing and issuing the NOL.

This document is as adopted by the Board and contained in annex XII to decision B.08/10, paragraph (b), and decision B.41/02.
