REPUBLIC OF KAZAKHSTAN

Kazakhstan Country Platform

National mechanism for coordinating and facilitating climate investment

S. A. Kalkamanov

Tbilisi, 6 October 2026

INTERNATIONAL GREEN TECHNOLOGIES AND INVESTMENT PROJECTS CENTER (IGTIC)

IGTIC experience in climate finance

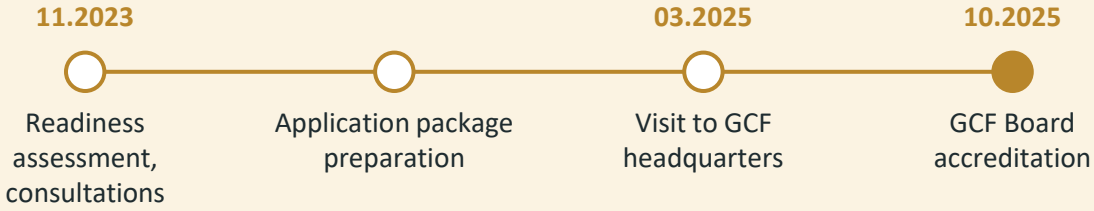

GCF Readiness II

2023–2025 · completed in December 2025

- Country Programme updated and published on the GCF website
- Three national entities submitted accreditation applications
- Tools to assess climate risks and financed emissions
- ESG policy for a pilot bank

Accreditation of the Development Bank of Kazakhstan

supported by IGTIC since November 2023

The only entity in Kazakhstan with direct access to the GCF

GCIP — cleantech innovation

national coordination since 2023

Proposal: scale up the acceleration model to Central Asian countries

Kazakhstan — an anchor hub of the regional cleantech ecosystem

TNA — Technology Needs Assessment

UNEP-CCC · AIIB · energy, agriculture, waste

Phase 1	Phase 2	Phase 3
Technology prioritization	Barriers and enabling framework	Action plans and project ideas
approved	*completed*	*in progress*

Validation workshop — end of October 2026

READINESS III

Country Platform for Climate Investment

Priority technologies and project ideas

TNA · GCIP

Country Platform

Secretariat hosted by IGTIC

Investment-ready projects

for the GCF, the Development Bank and partners

Mainstreaming climate action across public administration

Steering Committee

chaired by the Ministry of Ecology and Natural Resources

- **Tariffs**
- **Finance**
- **Planning**
- **Economic regulation**

Environmental and climate integrity · climate-oriented reforms

Not a stand-alone initiative

An operational mechanism for implementing Kazakhstan's updated NDC and its Implementation Plan

A long-term institutional investment; ready to share experience with partners in Central Asia

Thank you for your attention!
