GREEN CLIMATE FUND

Climate Rationale for project development

How to demonstrate **Mitigation** & **Adaptation** Impact Potential

Stephen Seres

Climate Impact Specialist

DECM

Regional Dialogue

October 2026

GCF Investment Criteria

GCF Investment Criteria	Sub Criteria
1. **Impact Potential**	**Mitigation Impact Potential**
2. Paradigm Shift	
3. Sustainable Development	**Adaptation Impact Potential**
4. Needs of Recipient	
5. Country Ownership	
6. Efficiency and Effectiveness	

Adaptation Impact Potential

GREEN CLIMATE FUND

1. Hazard

What is changing in the climate ?

2. Impacts

What harm does that hazard cause?

3. Exposure

Who or what is in harm's way?

4. Vulnerability

Why are they susceptible to that harm?

5. Barriers

Why can't existing practices adequately manage the risk?

6. Response

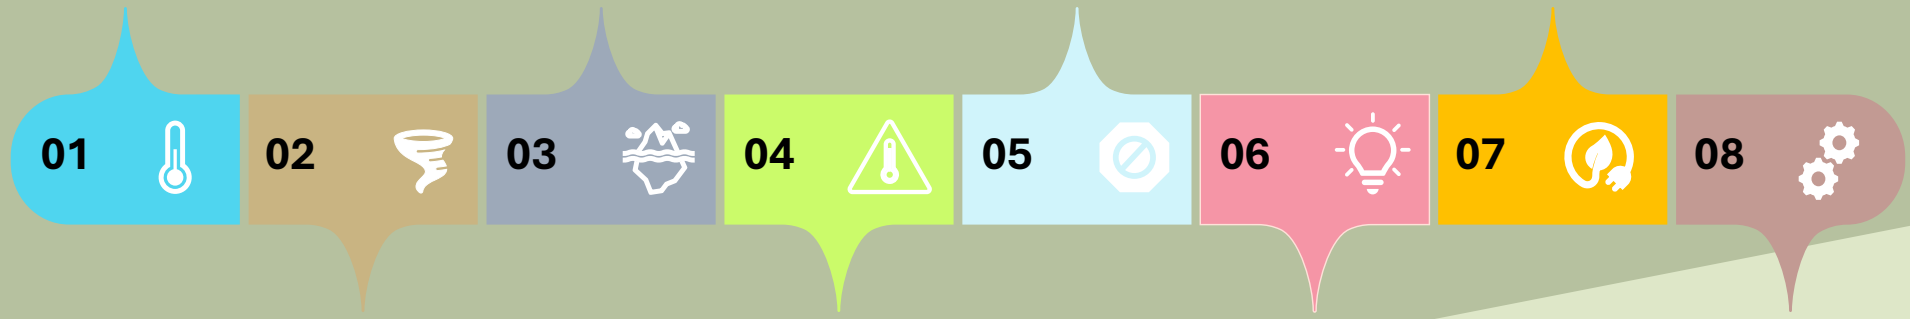

What will the project do?

7. Reduction

Why does doing that make them less vulnerable or exposed?

8. Measure

What measurable reduction in climate risk or harm results?

Mitigation Impact Potential
