

Roles of FAO as an accredited *grant* entity

FAO Roles

- 1. Partner and Advisor** – Technical support for countries and partner organizations to plan and implement GCF projects
- 2. Facilitator and catalyst** - Strengthening national capacity to access GCF through inclusive readiness processes
- 3. International Accredited Entity** – Supporting GCF grant projects for countries as an international accredited entity

FAO Approach

- Coordinate **Ag stakeholder engagement** in GCF processes
- Provide **specialized technical advice** that **enhances viability** and **return on investments** in agriculture and rural sectors
- Work with **partners** to design projects that **leverage** existing and **pipeline investments/ climate policies**
- **Utilize** investment design capacity of **FAO's Investment Centre**
