Session 10 – Clinic 1 & 2

How to submit a good quality funding proposal to the GCF: a 101 guide to the investment criteria

**Jiwoo Choi, Demetrio Innocenti, Leo Paat,
Hyejin Lee, Brett Barstow**

Asian Structured Dialogue, Da Nang, Vietnam
19 April 2018

Funding proposal elements

Why GCF

Climate
Rationale

Incrementality
reasoning /
additionality

Sustainability
(financial and
operational)

Transformation
potential

Establishing climate rationale

1. Identify anticipated changes in climate + impacts

2. Identify activities and link to expected risks, vulnerabilities, impacts

3. Explain how activities connect with larger policy framework

Logic of the action and Theory of Change

Logical framework and indicators

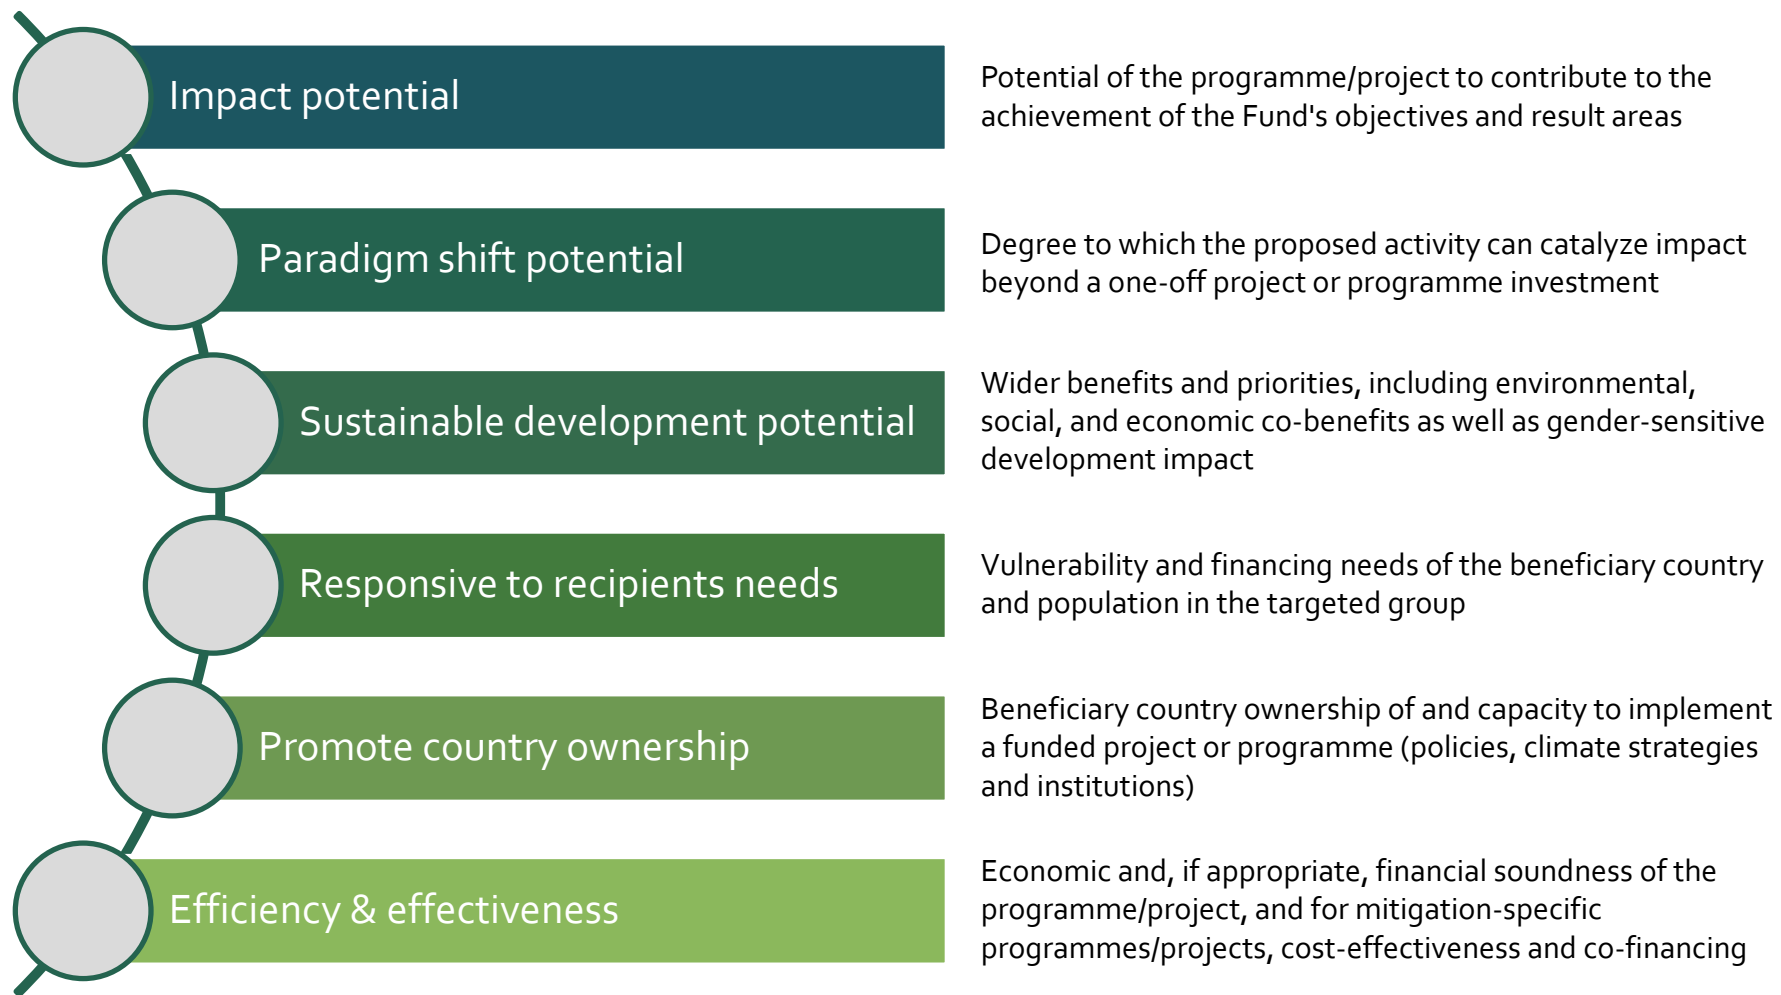

- How the project results are achieved and measured

Evaluation and learning

- How the lessons from project implementation are captured, documented and shared

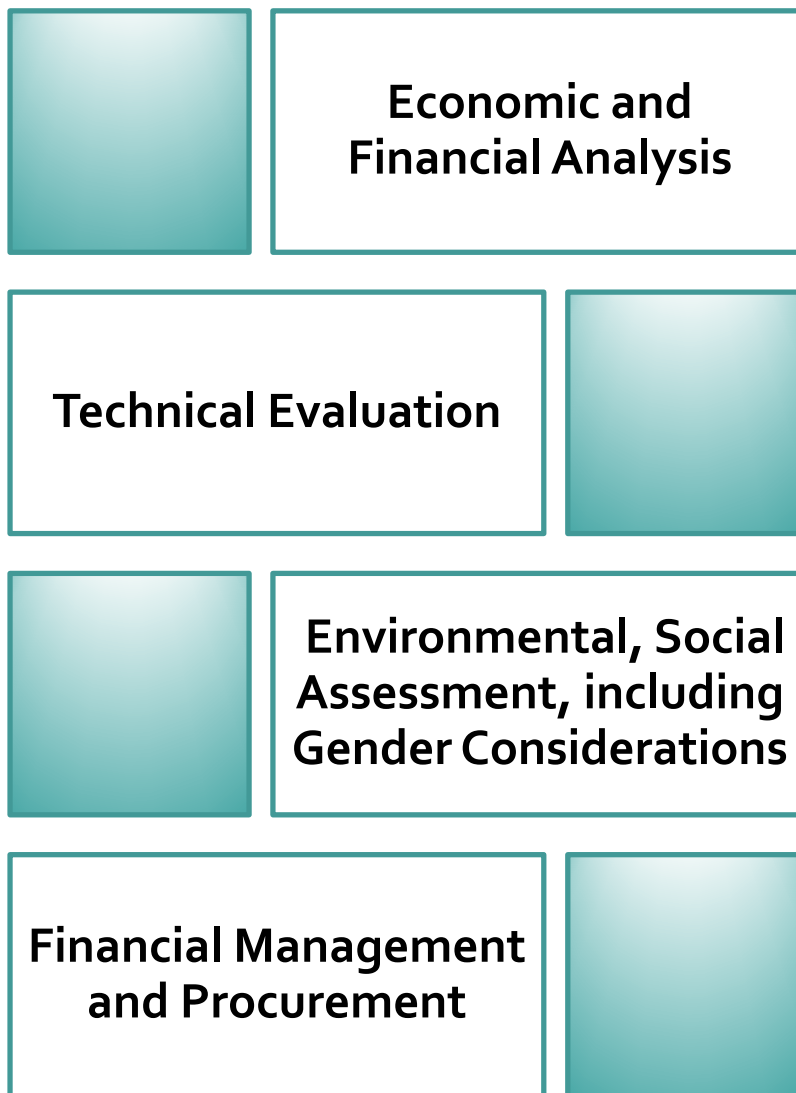

The Fund's Six High-level Investment Criteria

Technical soundness and compliance
