

## GCF Structured Dialogue with the Pacific

# Opportunities and Approaches to Enhance Complementarity: Perspectives from the GEF

July 31, 2018

GLOBAL ENVIRONMENT FACILITY  
INVESTING IN OUR PLANET

# Opportunities to Enhance Complementarity

- ✓ **GEF-GCF Dialogue on Coordinated Engagement (Vietnam, June 2018)**

Many valuable inputs received from countries, e.g., Micronesia

- ✓ **Examples to build on: Coordinated Programming**

Cook Islands; Bhutan; Ecuador

- ✓ **Opportunities in GEF-7**

New Programming cycle for the GEF Trust Fund

New Adaptation Strategy and programming opportunities

All Programming Strategies: Emphasis on **Coordination** -- w other sources of funding as well as cross-GEF

May be valuable for Pacific SIDS to blend CCA resources w GEF STAR

Most SIDS have full flexibility for GEF STAR. For LDC SIDS: \$10 M LDCF

- ✓ **Upcoming Opportunity for Dialogue to Coordinate**

GEF-7 programming dialogues and workshops to be held over coming months for GEF-7 portfolio. Also UNFCCC meetings.

# Actions to Enhance Complementarity

- ✓ **Efforts to Harmonize: Adaptation Results Frameworks**  
GCF, PPCR, AF
- ✓ **Coordination across requests for NAP preparation support and Readiness**  
Project review stage
- ✓ **“Enhanced” Equitable Access of the LDCF**  
Up to \$10 million per LDC
- ✓ **Greater emphasis on adaptation mainstreaming**  
Will enhance complementarity with national and co-financing initiatives

**We understand this is new, and there are challenges...**

- ✓ **GEF and GCF stand ready to work with you to overcome these**
- ✓ **Let us know what would be most useful**

# LDCF/SCCF Strategy 2018-2022

**Goal:** to strengthen resilience and reduce vulnerability to the adverse impacts of climate change in developing countries, and support their efforts to enhance adaptive capacity

Reduce vulnerability and increase resilience through innovation and technology transfer for climate change adaptation

Mainstream climate change adaptation and resilience for systemic impact

Foster enabling conditions for effective and integrated climate change adaptation

# The LDCF Funding Ceiling

- The per-country LDCF resource allocation ceiling will be **raised** to \$50 million at the start of GEF-7, with a **cap** of \$10 million per country.
- The new ceiling with a cap maintains the current practice and also addresses the concern of ensuring access to as many LDCs as possible by introducing a cap on the amount of resources to accessible by each LDC for the four-year period.
- The ceiling and the cap may be raised before the end of the four-year period, depending on the level of donor contributions and programming
