 - To support national and regional delivery partners
 - Significant time allotment
2. Build capacity
3. Support country-driven process

TA Process Flow

Simplified TA Request Process:

- Written request for upstream technical assistance sent by NDA to countries@gcfund.org, (adaptation planning team, relevant CDS and RA in copy)
- NDA to include in email, *inter alia*:
 - reason for the request;
 - general focus of desired TA support; and
 - intended national or regional delivery partner, if known

No drafting!

TA Process Flow

Next Steps:

- Discussions with Country Team, Adaptation Planning Team and NDA to refine need
- Decision taken, NDA informed
- If positive:
 - Email sent to NDA to clarify basic terms of engagement;
 - Arrangements made with NDA and DP in coordination between Adaptation Planning and Country Team teams; and
 - Adaptation Planning Technical Advisor assigned

Adaptation Planning Review Criteria

- | | | | |
|---|---|--|--|
| 1. Focus strategically within a national vision | 2. Plan to address specific climate impacts and vulnerabilities | 3. Develop financing strategy for each adaptation priority | 4. Articulate theory of change |
| 5. Avoid duplication of effort | 6. Engage stakeholders proactively | 7. Build gender considerations | 8. Cultivate private sector investment |
| | 9. Monitor and report systematically | 10. Coherence and complementarity with other funds | |

10 Review Criteria based on good practices to date

- 1.** Focus strategically within a national vision
 - Build on existing multi-sectoral planning
 - Greater sectoral or geographic focus produces more precise and implementation-ready planning
- 2.** Plan to address specific climate impacts and vulnerabilities
 - Focus most crucial climate impacts and vulnerabilities
 - Avoid temptation to do same process in different countries

10 Review Criteria based on good practices to date

3. Develop financing strategy for each adaptation priority
 - Prioritize and design adaptation project ideas and concept notes
 - Identify ways to continually fund sectoral and local planning
4. Articulate theory of change
 - Clear vision of how each output and their activities will achieve the desired result/outcomes
 - Link GCF country programmes, to national development plans, to project proposals

10 Review Criteria based on good practices to date

5. Avoid duplication of effort
 - Use existing information (e.g. vulnerability assessment)
 - Articulate how new GCF funding will build on / link with previous processes
6. Engage stakeholders proactively
 - Civil society, sub-national governments etc.

10 Review Criteria based on good practices to date

7. Build gender considerations
 - How social dimensions, including differences based on gender, will be integrated into the proposed activities.

8. Cultivate private sector investment
 - Create strategies to cultivate investment in climate resilient businesses

10 Review Criteria based on good practices to date

9. Monitor and report systematically
 - Establish results based framework and report on progress
10. Coherence and complementarity with other funds
 - Including with GEF and Adaptation Fund

Status: GCF NAP Support

Challenges

Proposals design based on national context

Plan to attract financing for implementation

Diversity of delivery partners

Progress

Established transparent review criteria

Improved timelines and consistency of feedback

Communicated good practices through 15+ workshops and webinars of LEG, NAP GSP, NAP GN, and others

Moving forwards

Increase # of approved proposals (30+ in 2018)

Increase quality and impact to catalyse implementation

Support NDAs who wish to use national delivery partners
