# Climate Finance Landscape - Maldives

## Ongoing efforts:

- **National level:**
  - National capacity building efforts in accessing climate finance
  - Accreditation efforts
  - Implementing GCF approved projects such as Building Climate Resilient Safer Islands in the Maldives
  - Implementing GCF Readiness projects such as Advancing the National Adaptation Plan of the Maldives
- **Regional level:**
  - Initiative to develop a peer network with Indian Ocean Island States
  - Ongoing work as the Chair of the Coalition for Atoll Nations on Climate Change (CANCC)

## Priorities:

- Establishment of a National Accredited Entity
- Updating the GCF Country Programme

## Challenges:

- Lack of Accredited Entities both nationally and regionally
- Challenges to identify delivery partners
- Country Programme implementation challenges
- Challenges related to technical capacity

# Thank you
