Attempts towards synergies for NDC Implementation

Prof. Paul TCHAWA (Secretary General, Ministry of Environment - NDA)
Didier Gilbert EDOA (Secretary General, Ministry of Finance)

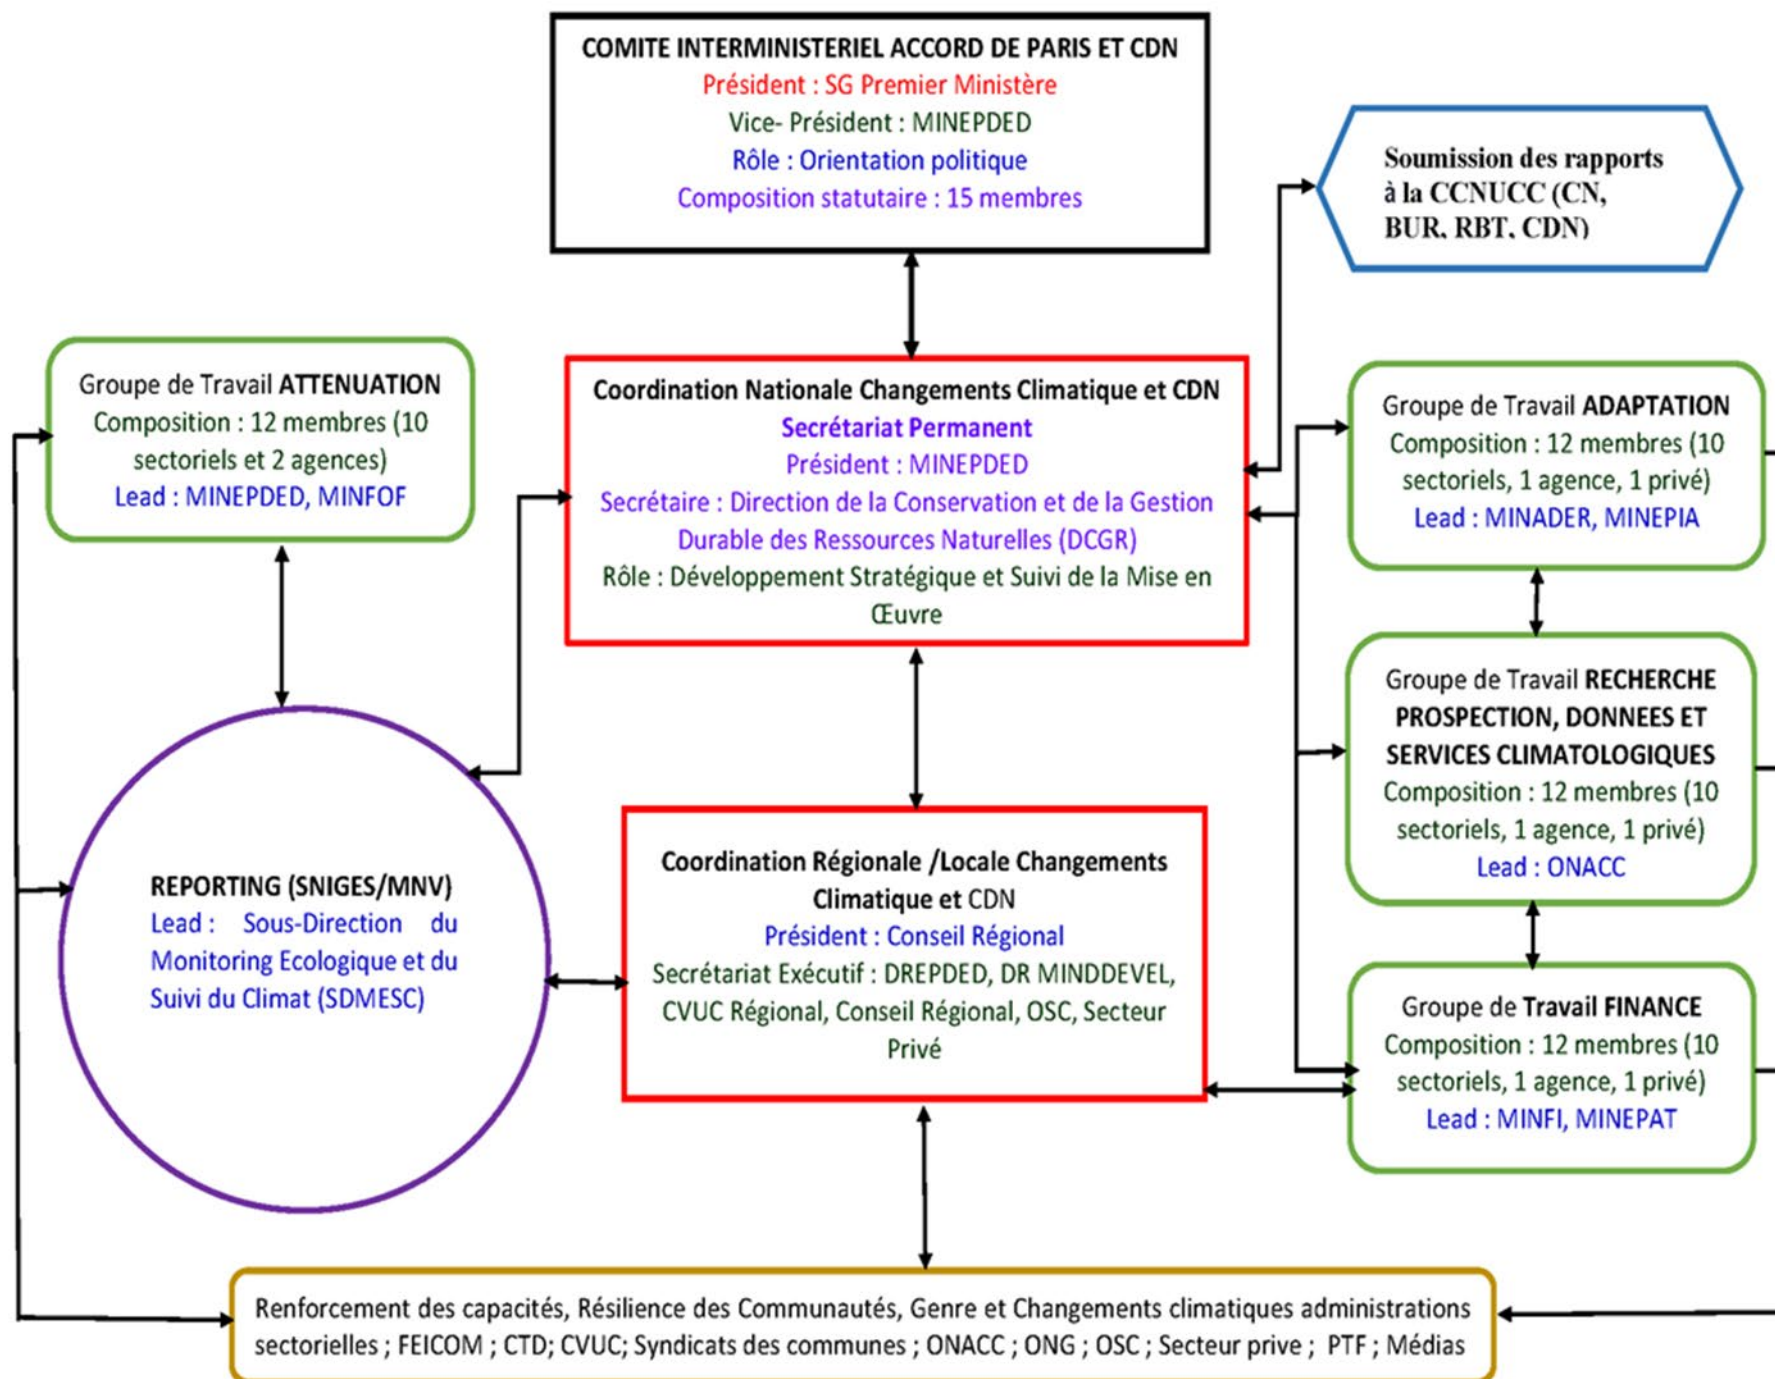

A large, abstract graphic on the right side of the slide, composed of various shades of green geometric shapes (triangles, polygons) that form a jagged, mountain-like silhouette.

Need of a strong political commitment

"We are here to seek ways to meet the expectations and hopes of our peoples. Therefore, let us show determination and political courage. Yes, let us demonstrate audacity and wisdom".

H.E. PAUL BIYA, PRESIDENT OF THE REPUBLIC OF CAMEROON
- PARIS, NOVEMBER 30th 2015

A NDC Multisectoral Technical Group

- A NDC Technical Group made up of sectoral Focal Points has been set up
- They are responsible for monitoring the implementation of NDC's actions.
- Sectoral focal points involved in the formulation of adaptation or mitigation project ideas related to their respective sectors.
- Trainings are planned to enable them to best fulfill these implementation monitoring responsibilities.

Some concrete joint initiatives

- Faced with the difficulties of mobilizing resources to finance the NDC, we understood the prerequisites were to create formal and informal synergies.
- The NDA (SG Environment) went to the SG Finance (In charge of coordinating Innovative Finance Opportunities in his Ministry)
- We both continuously defend this complementarity at the level of our respective Ministers
- We are Know gradually involving:
 - **our collaborators:** (Director General of Budget in the Ministry of Finance, Director General of Treasury, The Director of Conservation of Natural Resources at the Ministry of Environment; The Director General of the National Observatory On Climate Change

Joint Initiatives *Continued...*

- And our Colleagues Secretaries General (that of Economy, Forest and Agriculture and Energy...
- We are together at the time of major meetings where the opportunity to defend our concept presents itself:
 - COP 26, COP27, GCF Programming Meetings in Incheon, Windhoek
 - Meetings with Technical and Financial partners in Cameroon: World Bank, CAFI, International Monetary Fund
- We carried out the accreditation request file for a National entity together
- We supported the choice of the Autonomous Sinking Fund as the financial management entity of the NAP revision process together

Joint Initiatives *Continued...*

- We are following the preparation of the recent **World Bank** initiative on climate-sensitive budgeting and climate-sensitive public investment management together with the SG of the Ministry of Economy and other sectors
- We recently worked together with the **IMF review team** and together agreed on the creation of a platform dedicated to coordinating the elaboration of a climate investment plan
- This will be coordinated by the Minister of Environment but when the plan is fine tuned and validated, initiatives to mobilize funds will be under the leadership of the Minister of Finance

- We are following the preparation of the recent **World Bank** initiative on climate-sensitive budgeting and climate-sensitive public investment management together with the SG of the Ministry of Economy and other sectors
- We recently worked together with the **IMF review team** and together agreed on the creation of a platform dedicated to coordinating the elaboration of a climate investment plan
- This will be coordinated by the Minister of Environment but when the plan is fine tuned and validated, initiatives to mobilize funds will be under the leadership of the Minister of Finance

Résultats concrets obtenus

- Comme conséquence de cette synergie, il a été possible :
 1. De procéder au lancement solennel des activités de la finance climatique au Cameroun sous le Lead du MINFI;
 2. d'élaborer le premier bilan carbone forestier du Cameroun. Il s'agit des inventaires des Gaz à Effet de Serre (GES) ;
 3. De proposer le premier draft du cadre institutionnel et réglementaire pour l'accès à la finance carbone (projet de création d'une instance sur la finance climatique) ;

Résultats concrets obtenus

4.de financer sur le BIP les outils de la REDD+ (le Niveau de Référence, le Registre des Inventaires, le Système d'Informations de Surveillance et le mécanisme Monitoring, Vérification et Notification **2 millions de dollars US** ;

5.d'élaborer le cadre de financement durable du Cameroun Environnemental, Social and Governance « **ESG Framework** ».
