Video of Infrastructure Climate Resilient Fund (“ICRF”)

A new USD 253.8 million investment by GCF in the Infrastructure Climate Resilient Fund (ICRF) with Africa Finance Corporation

PSF Project examples

Infrastructure Climate Resilient Fund (“ICRF”)

Countries	GCF financing	Accredited entity	Financial instrument
Democratic Republic of the Congo, Kenya, Mozambique, Nigeria, Rwanda, Senegal, Sierra Leone, Uganda, Zambia	USD 253 million	Africa Finance Corporation	Equity, Grant

- Financing climate-resilient infrastructure (CRI) in Sub-Saharan Africa is difficult due to various investment barriers, hindering economic growth and development opportunities
- GCF's USD 240 million junior equity to ICRF unlocks funding for climate-resilient projects
- Up to 50 million people benefit directly, and 144 million indirectly with improved infrastructure services

Thank you
