GCF Green Champions Awards

Who are the Green Champions?

December 7, 2019

11:00 to 12:30

GCF+GEF Pavilion

The Green Climate Fund launched its first Green Champions Awards this year as part of its support of positive change across the planet. This new initiative recognises the unsung heroes who have made giant strides in tackling the global challenge of climate change.

GCF has selected six Green Champions among 300 nominations from around the globe. Following the announcement of the new Green Champions at COP25, it is now possible to hear their stories of climate action at a special Panel Discussion. Needing some inspiration? Come along and hear how the GCF Green Champions are taking charge of climate change.

Each winner will describe their endeavours during a 5-minute introduction, followed by a 10 minute Q&A session.

MC and Presenters

Mr. Javier Manzanares

Deputy Executive Director, GCF

What is GCF?

GCF is the world's largest dedication fund to combat climate change. It invests in low-emission and climate-resilient development in over 100 developing countries. nations. The United Nations Framework Convention on Climate Change (UNFCCC) set up GCF in 2010 to turn innovative mitigation and adaptation plans into climate action. GCF is promoting a global paradigm shift in low-emission and climate-resilient development, taking into account the needs of nations that are particularly vulnerable to climate impacts.

Raising ambition. Empowering action.
