GCF MONITORING AND ACCOUNTABILITY FRAMEWORK (MAF)

Establishes monitoring of AEs on 2 levels under the MAF:

- **AE compliance** (MAF section 1.1): institutional requirements in relation to its accreditation and re-accreditation process
 - **Annual self-assessments**
 - **Annual reports on International Access Accredited Entity (IAE) Support to Direct Access Entities (DAEs)** (*applicable to IAEs only*)
 - **Mid-term review** by GCF
 - If needed, ad hoc compliance reviews
- **Funded Activity monitoring** (MAF section 1.2): specific requirements for each GCF-Funded Activity (to be submitted under the PPMS platforms)

TIMELINE FOR AE-LEVEL REPORTING

- AE 5-year accreditation term starts upon Accreditation Master Agreement (AMA) effectiveness
- GCF assessment of AE-level reports* focuses on institutional changes that may impact the AE's ability to undertake its obligations as an AE, as compared to the AE's status as reported in the previous period

*Annual self-assessment, where applicable, and Mid-term review
