## What is the readiness challenge being addressed, and how will readiness support activities advance the solution/outcome identified?

Inadequate knowledge and understanding of key issues and gaps in detection, monitoring, analysis and forecasting of the hazards and possible consequences;

Absence of operational, harmonized and adequately funded MHEWS in the region

Regional scoping and stocktaking to strengthen existing regional coordination of MHEWS;

Improved application of climate information nationally & regionally;

Improved enabling environment for communication and awareness raising;

Financing for EMEWS strengthened
