# Background

- The GCF Readiness and Preparatory Support Programme (RPSP) or Readiness Programme, is a flagship programme supporting GCF partner countries in building capacities to successfully attract and utilize climate finance
- Gl para. 40

*“The Fund will provide resources for readiness and preparatory activities and technical assistance, such as the preparation or strengthening of low-emission development strategies or plans, NAMAs, NAPs, NAPAs and for in-country institutional strengthening, including the strengthening of capacities for country coordination and to meet fiduciary principles and standards and environmental and social safeguards, in order to enable countries to directly access the Fund.”*

# RRMF Objectives

- The RRMF was finalized and approved in February 2022 and the Secretariat embarked on development of guidance tools and sensitization of partners
- The **readiness results management framework** (RRMF) has two main objectives:

1. PROVIDE A **FORWARD-LOOKING SYSTEM** TO MEASURE THE RESULTS OF NEW READINESS GRANTS

2. HAVE AN ANALYTICAL FRAMEWORK TO MEASURE THE RESULTS AND IMPACTS OF RPSP

# Core Principles

---

Alignment with Board decisions

---

Simplicity and standardization

---

Clear logical mapping between outputs, outcomes and impact

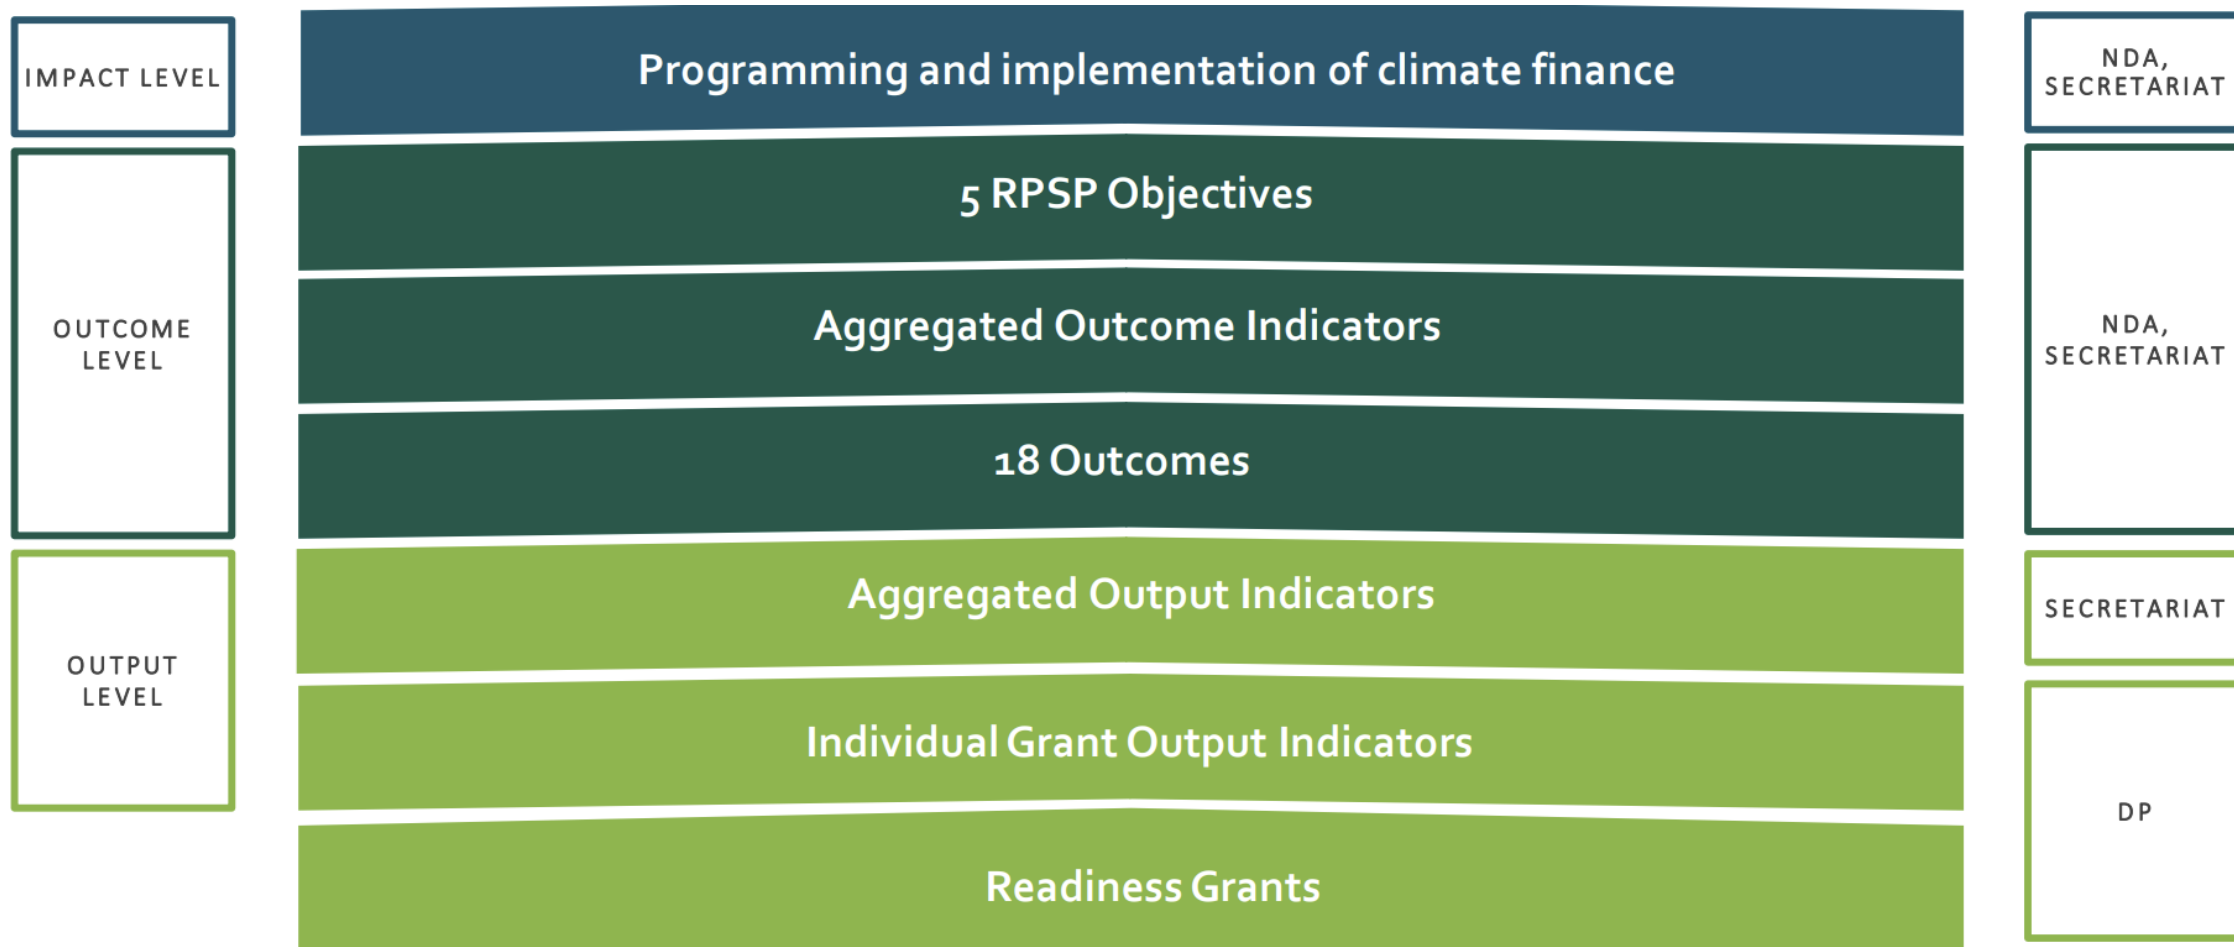

---

Clear roles and responsibilities of DPs, NDAs and the GCF Secretariat

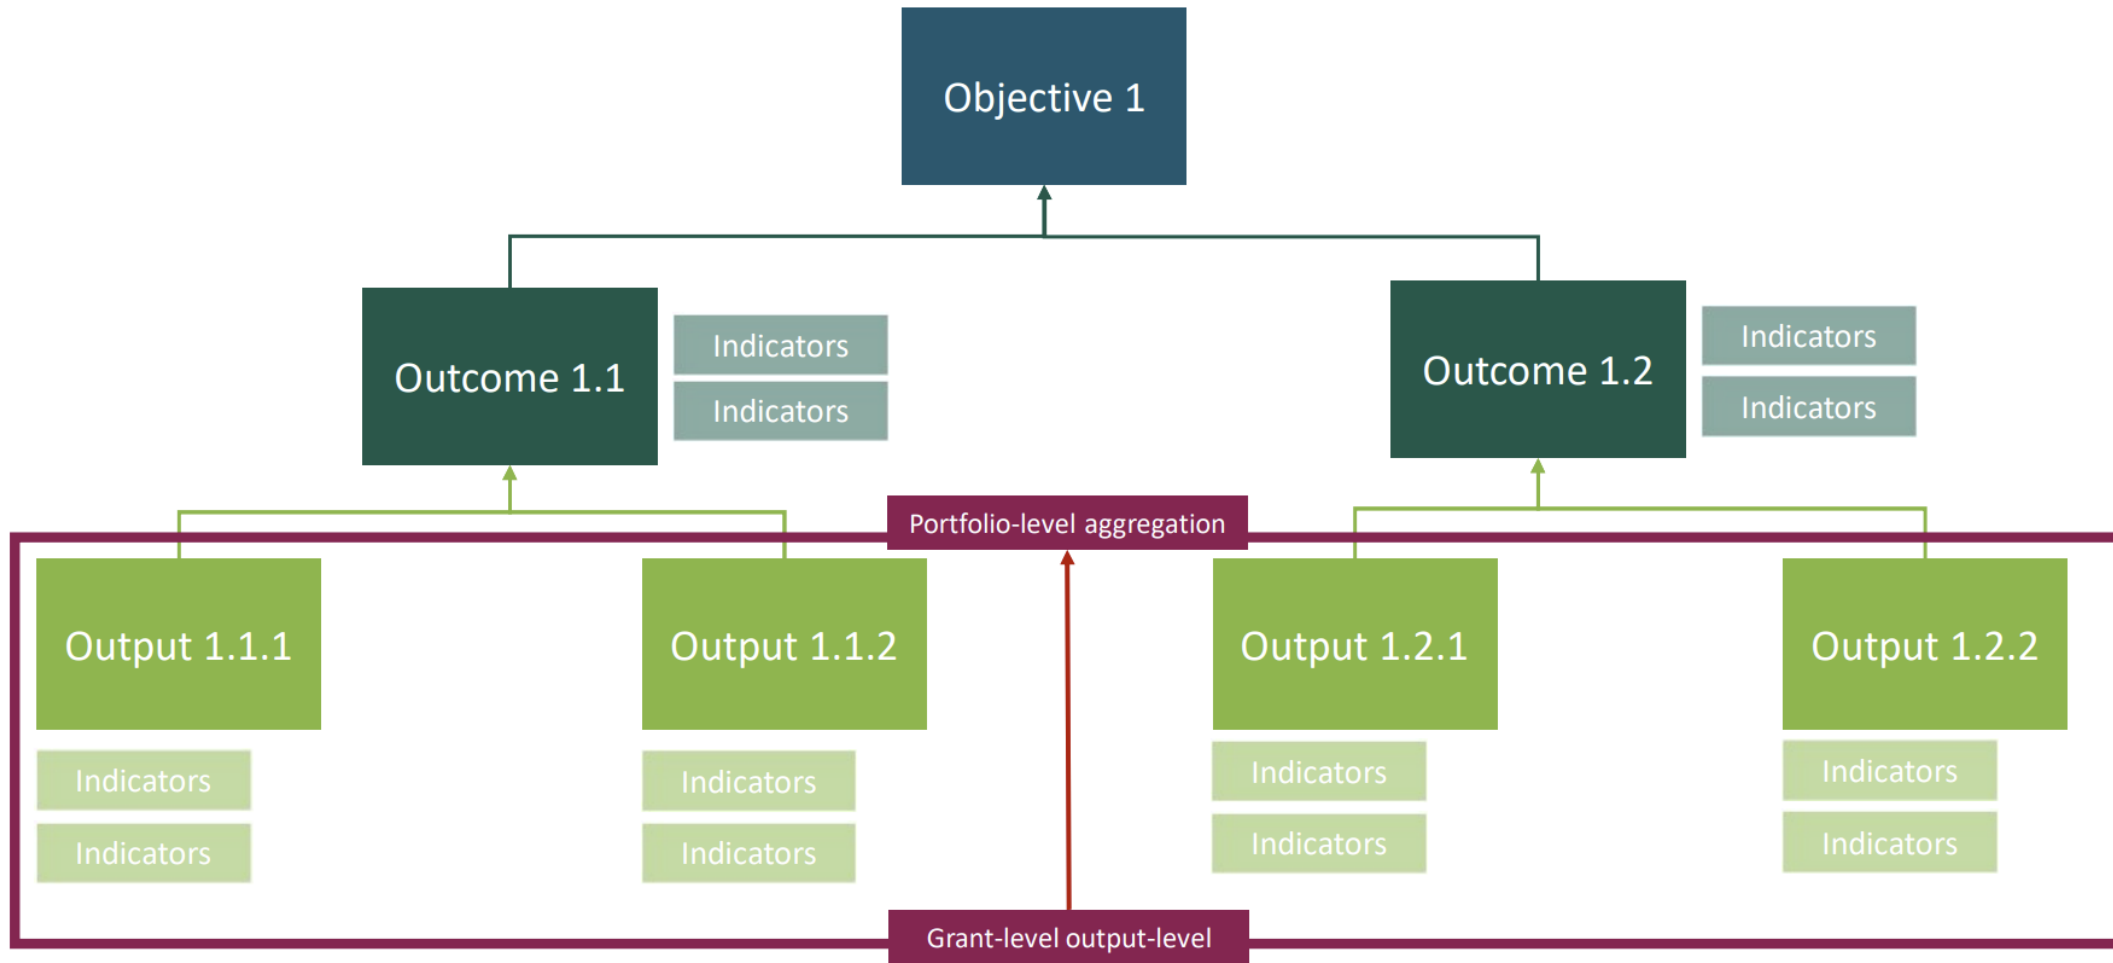

---

Flexibility allowing for both retroactive and forward-looking application

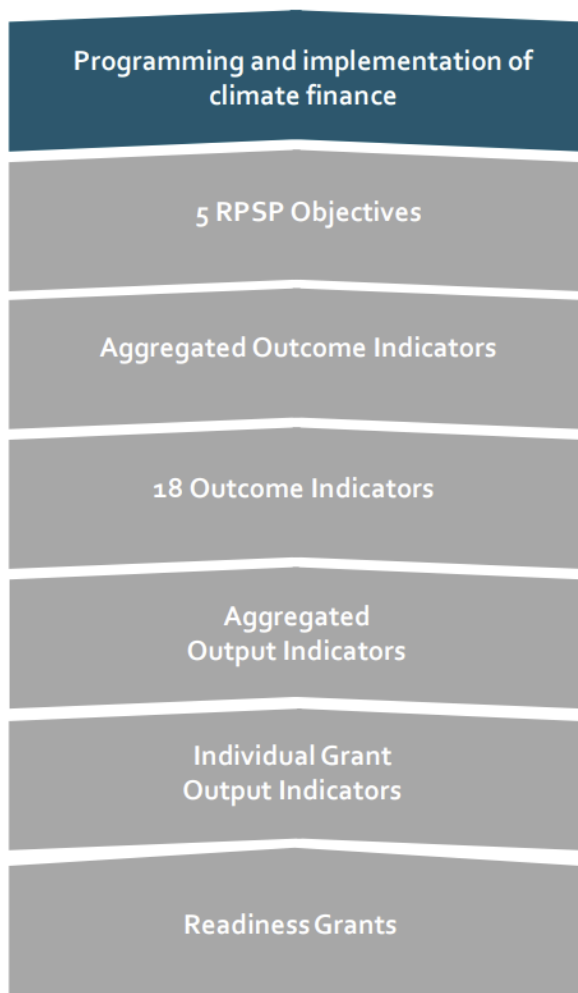

# RRMF STRUCTURE

# Output level (example)

# Impact level

Amount (% increase) of climate finance approved by the GCF in funding proposals, disaggregated by co-financing source (public, private, GCF)

Number of climate change projects developed/identified through readiness that have received climate finance (approved by the GCF board)
