Pilot Scaling-up Approach for Collaboration between the GCF and the Adaptation Fund

Alisher Mamadzhanov

Climate Policy and Governance Specialist

13–15 September 2022
Incheon, Republic of Korea

#InspireMoreClimateAction

Background and Goals

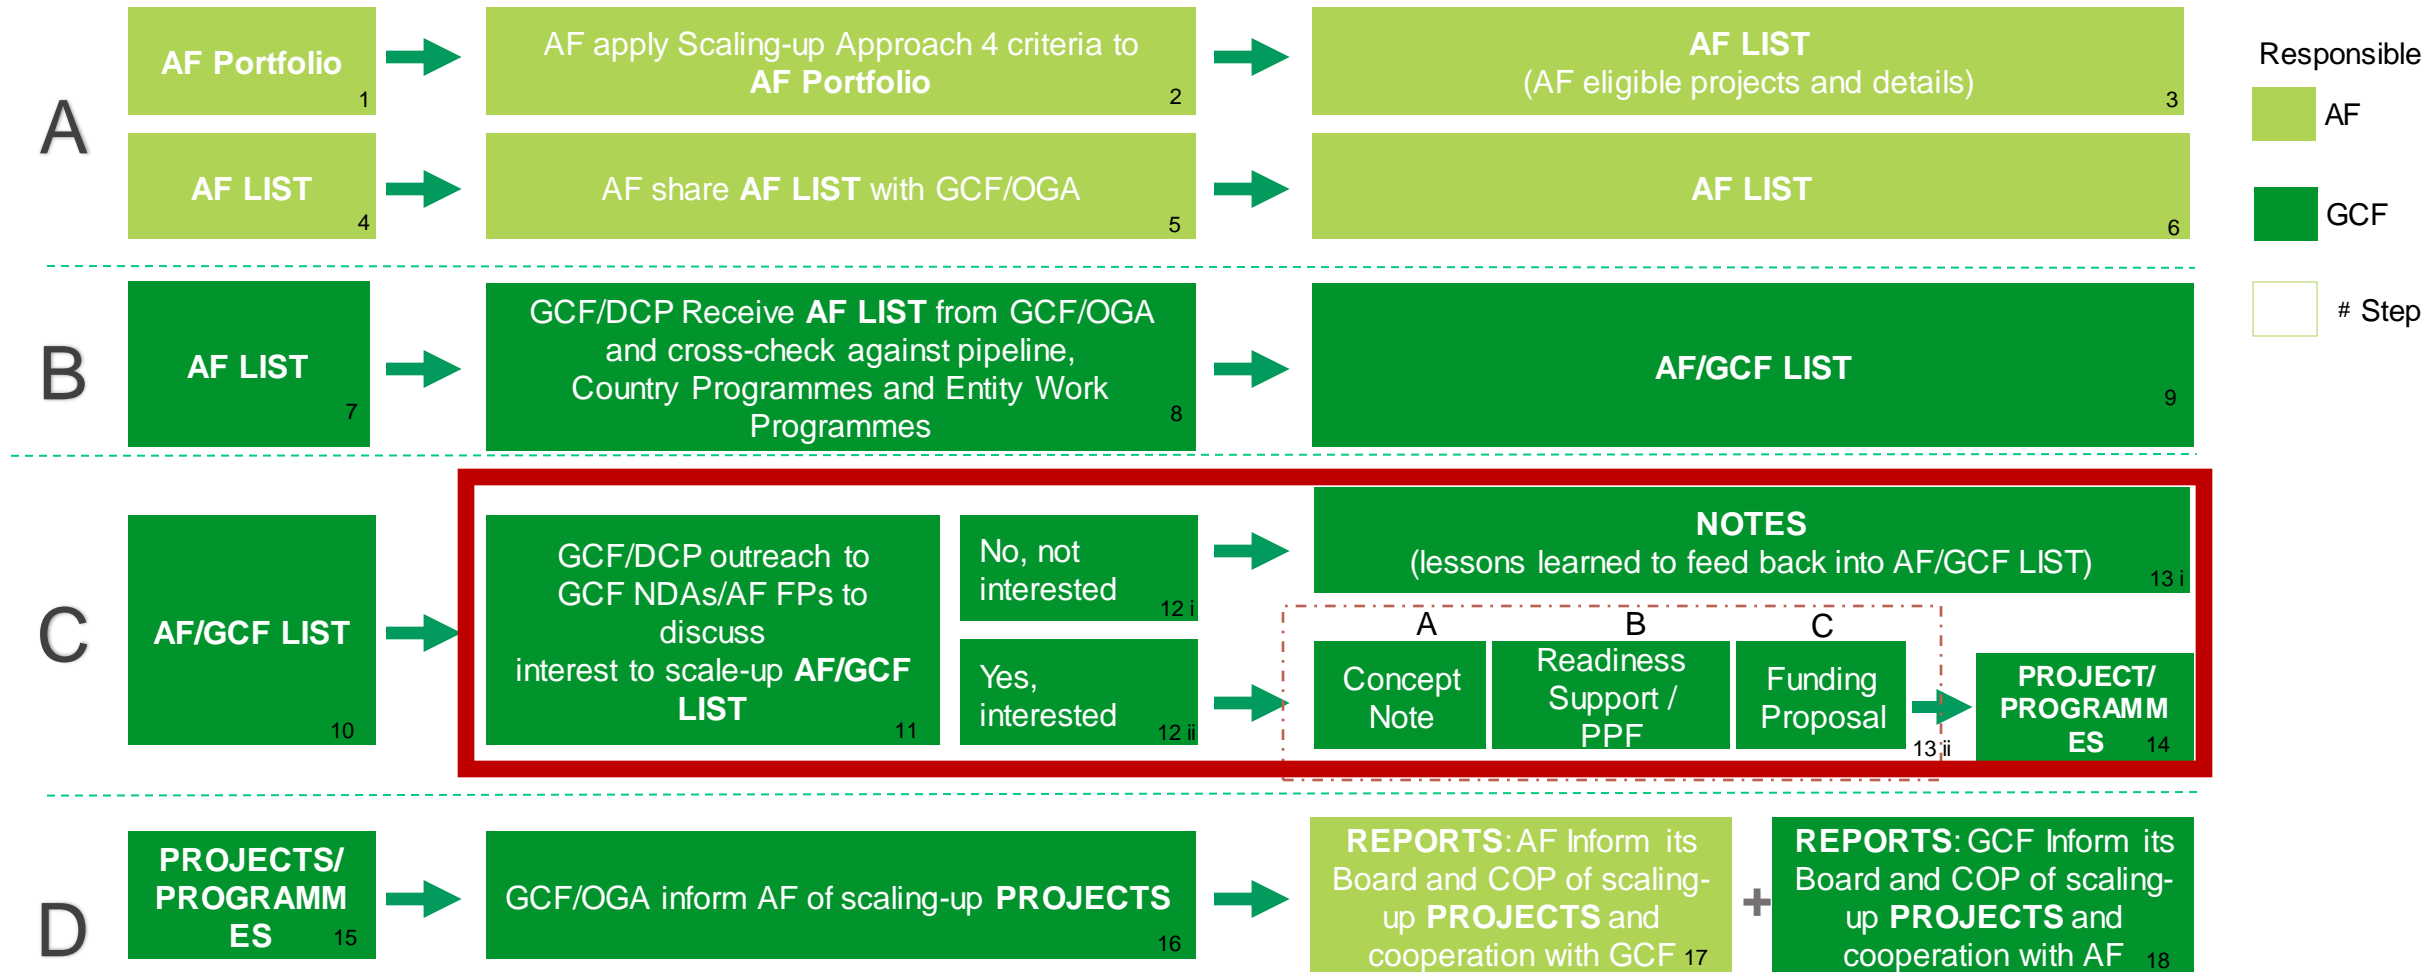

- *“The provision of **scaled-up financial resources** should take into account country-driven strategies”*
- Art 9, Paris Agreement
- *“**Delivering Scaled-up** funding for ambitious projects informed by adaptation needs and mitigation potential”*
- Strategic Objective, USP 2020 –2023
 - *“**Working to scale up successes** and advance programming synergies with other climate funds”*
- GCF Operational Framework on Complementarity and Coherence

GOAL: Provide incentives and benefits to scale-up successful AF projects, by:

1. **Introducing basic concept of scaling-up**, aligned with GCF programming
2. Establishing approach for **identifying eligible AF projects** for potential scaling-up by GCF
3. Determining the **incentives and benefits for countries and entities**
4. Defining the process and steps **to operationalize the approach for scaling-up**

AF/GCF Scaling-up Approach: steps

This cycle should be initiated twice a year (March and October)

Figure 1: Process for operationalising the Scaling-Up Approach for collaboration between GCF and AF

AF list of potential projects for scaling up with GCF

#	Project Title	Country	Implementing Entity
1	Increasing Climate Resilience and Enhancing Sustainable Land Management in the Southwest of the Buenos Aires Province	Argentina	IBRD (I)
2	Enhancing the Adaptive Capacity and Increasing Resilience of Small-size Agriculture Producers of the Northeast of Argentina	Argentina	UCARAR (D)
3	Belize Marine Conservation and Climate Adaptation Initiative	Belize	IBRD (I)
4	Enhancing Climate Resilience of Rural Communities Living in Protected Areas of Cambodia	Cambodia	UNEP (I)
5	Enhancing resilience to climate change of the small agriculture in the Chilean region of O'Higgins	Chile	AGCICL (D)
6	Reduction of vulnerability to coastal flooding through ecosystem-based adaptation in the south of Artemisa and Mayabeque provinces	Cuba	UNDP (I)
7	Enhancing resilience of communities to the adverse effects of climate change on food security, in Pichincha Province and the Jubones River basin	Ecuador	UNWFP (I)
8	Increased Resilience to Climate Change in Northern Ghana through the Management of Water Resources and Diversification of Livelihoods	Ghana	UNDP (I)
9	Climate change resilient production landscapes and socioeconomic networks advanced in Guatemala	Guatemala	UNDP (I)
10	Programme Support for Climate Change Adaptation in the vulnerable regions of Mopti and Timbouctou	Mali	UNDP (I)
11	Enhancing Resilience of Communities to the Adverse Effects of Climate Change on Food Security in Mauritania	Mauritania	UNWFP (I)
12	Climate Change Adaptation Programme in the Coastal Zone of Mauritius	Mauritius	UNDP (I)
13	Ecosystem Based Adaptation Approach to Maintaining Water Security in Critical Water Catchments in Mongolia	Mongolia	UNDP (I)
14	Climate changes adaptation project in oasis zones - PACC-ZO	Morocco	ADA (D)
15	Addressing Climate Change Risks on Water Resources and Food Security in the Dry Zone of Myanmar	Myanmar	UNDP (I)
16	Taking adaptation to the ground: A small Grants Facility for enabling local-level responses to climate change	South Africa	SANBI (D)
17	Building resilience to climate change and variability in vulnerable smallholders	Uruguay	ANIIUY (D)

#InspireMoreClimateAction

13–15 September 2022

4 projects considering regional balance had been selected for pilot programme
