DAE Action Plan

Unlocking the Potential
Of Direct Access Entities for Climate Action

13–15 September 2022
Incheon, Republic of Korea

#InspireMoreClimateAction

Emphasis on DAE Access

Direct access is a unique aspect of the GCF business model

DAE's play an important role in supporting country ownership

Updated Strategic Plan reiterated the need to increase direct access funding

Share of DAE Funding in the GCF Portfolio Can Improve

Limited diversity of accredited DAEs

Project development challenges

Weak coordination at the national level

Addressing DAE Challenges

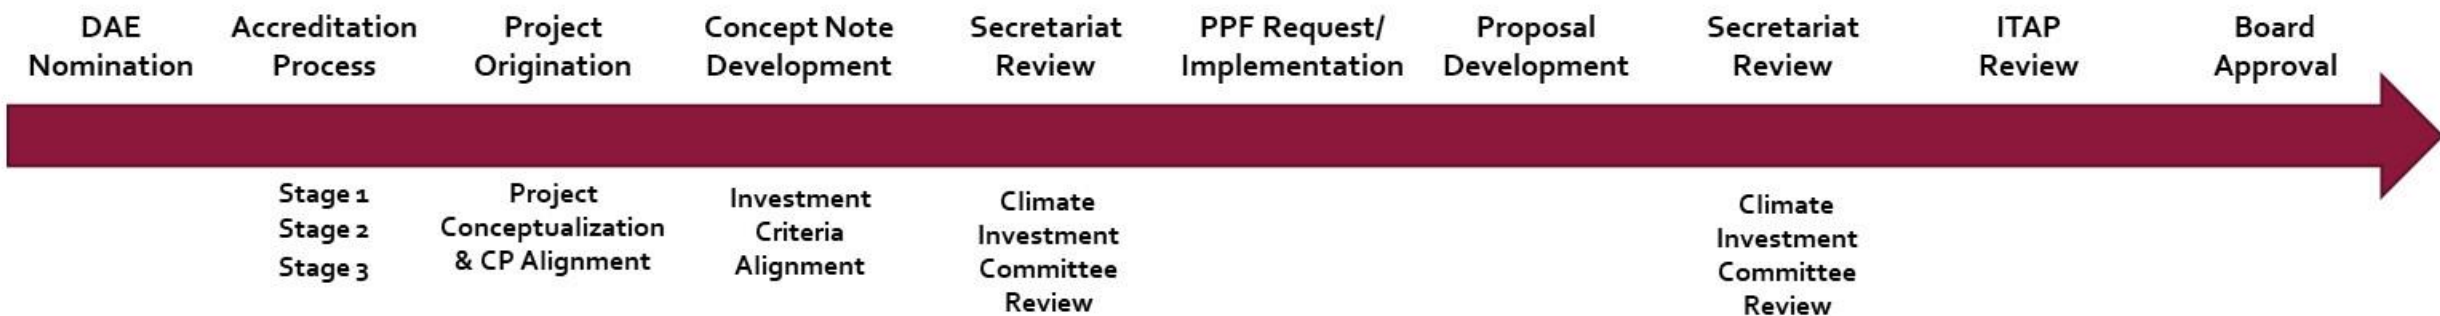

Support for strategic nomination and accreditation of DAEs

Support for capacity building and institutional strengthening

Support for DAE project development with an end-to-end solution

End-to-End Support

The DAE Pathway
