# Exploring the role of GCF Readiness Preparatory and Support Programme

## NDA

The role of the NDA is decisive in the process. If the NDA has a limited mandate, it is difficult to establish cross-sectoral frameworks

## SCOPE

The scope defined by the GCF during the first cycle of the Readiness program (before 2020/2021) resulted in the submission of multiple low-impact proposals.

## STAFF

Very often there is evidence of a low dedication of staff from the NDA and other institutional partners. This is also added to a high turnover of government officials, and a high dependence on consultants.

## FORMULATION

During project formulation, both the GCF and the AE must ensure minimum standards that maximize the potential to achieve transformational effects

## CONTINUITY

At the time of project formulation, the identification of activities and products should consider continuity strategies,
