## ARRIVAL INTO THE REPUBLIC OF KOREA

*The information in this section is current as at 7 June 2023, and is subject to change as conditions change.*

### COVID-19

All COVID-19 restrictions for events, meetings and transport into and out of the Republic of Korea have been relaxed. Specifically:

- Full vaccination is not a requirement for quarantine-free entry into the Republic of Korea, though it is recommended that participants bring physical copies of any COVID-19 vaccination certificates (in English);
- The Republic of Korea has removed the requirement of a COVID-19 test prior to departing for the Republic of Korea, and has also removed any requirements for testing on arrival;
- The Republic of Korea has removed the requirement to wear a face mask indoors.

### Q-Code system

The Republic of Korea introduced the '[Q-Code system](#)' to streamline health screening processes on arrival in the Republic of Korea. The system will record your health screening and details of your stay, and generate a QR code to show at the airport on arrival. While **not a mandatory requirement for entry**, it is recommended to submit your details and documentation in advance of travel through the Q-Code system, as it may make your passage through the airport on arrival faster. If you have any questions on the Q-Code system please contact the Secretariat.

### Recommended documentation

It is recommended that all participants bring physical copies of their documentation with them, including:

- COVID-19 vaccination certificate (in English)
- Q-Code System QR-Code (not a mandatory entry requirement, though it may expedite your entry process)

### Ground transport on arrival

Participants will arrive in the Republic of Korea by air at Incheon International Airport (airport code ICN). Accommodation in Songdo is most conveniently accessed by taxi, available from Incheon

International Airport. Participants are advised to check with their hotels for airport transfer options if available.

## COVID-19 MEASURES

Health and safety is a priority at this event, and the preventative measures that are recommended for all participants include:

- **Wearing a face mask.** Masks are no longer a mandatory requirement indoors in the Republic of Korea; however, they remain an important preventative measure in minimizing the risk of contracting and transmitting COVID-19. Participants will be provided with masks as part of the registration pack on arrival at the Board meeting.
- **Maintaining physical distance.** Participants are recommended to maintain at least 1 metre of distance between each other. Every effort is being made to provide adequate physical space for the Board meeting to support distancing between participants.
- **Good personal hygiene.** All participants will be provided with access to hand sanitizer.

### **Symptomatic or positive COVID-19 cases**

If at any point a B.36 participant tests positive for COVID-19 or experiences COVID-19 symptoms, even if only mild, they will be advised to stay in their accommodation and contact Secretariat support personnel for guidance on next steps.

## GENERAL INFORMATION

***GCF is moving to eliminate the use of disposable plastic water bottles at Board meetings. We would like to encourage all participants to bring their own reusable bottles.***
