INTRODUCTION

This manual contains essential information needed on the **procedures** the Board may use to participate in the virtual meeting. It also provides guidance on how to **download, register, and make full use of the features** on Zoom during B.28.

Please read the manual carefully to understand how to operate the main settings necessary to register for and join the meetings, to interact and intervene during meetings, and access documents.

In addition to this manual, if further assistance is required, ICT can schedule a 15-minute session prior to every meeting to further explain the procedures on the manual and provide support.

MAIN PROCEDURES

To facilitate the proceedings of the virtual Board meeting, the following procedures and points of etiquette will be implemented:

- Board members and active observers wishing to provide an **intervention** should use the [Raise Hand](#) feature in Zoom to be added to the speakers list.
- Any other speakers, such as technical experts or representatives of accredited entities, will be invited by the Co-Chairs to intervene as appropriate.
- For Board members wishing to raise a **point of order**, they may do so by entering “Point of order” as a **message in the [chat function](#)** of Zoom.
- Board members should indicate **via the [chat function](#) of Zoom** should they wish to **allow their alternates to replace them** for an item. The host will then indicate the change by placing an *asterisk (*)* next to the Alternate Board Member's name.
- In such instances, the Board member should turn off their camera and microphone, and the alternate should turn on their camera and microphone in order participate. The Board Member should communicate their return also via the chat function.
- **Documents** discussed during the meeting, such as draft decisions being considered by the Board, will be shared with the Board through a **direct secure link [sent via Zoom chat](#)**, which will redirect you to the Board Library and will require log-in for access
