disbursed for
adaptation
planning

Readiness case study

MAR-RS-005 - Supporting the foundations for sustainable adaptation planning and financing in Morocco

GCF funding: 2,527,221

Delivery partner: UNDP

- Strengthen the institutional framework for adaptation and enhance awareness at national and regional levels;
- Formulate regional adaptation plans (Territorial Plans against Global Warming) for 3 vulnerable regions and strengthen them for an additional 2
- Facilitate the integration of these plans into regional development and land use plans
- Strengthen foundations for sustainable finance for adaptation

Readiness case study

Concurrent grants – TUN-RS-005
and TUN-RS-006

GCF funding: 2,952,588

Delivery partner: UNDP and FAO

- Develop and adopt a National Adaptation Framework
- Integrate major climate-related risks into the national and local economic and social development plan and master land-use plans
- Develop a baseline assessment on climate adaptation in the agricultural sector to support decision making
- Generate adaptation options in the agriculture sector
- Strengthen the enabling framework for adaptation planning including promoting private sector engagement

Readiness case study

SOM-RS-001: Support for Establishing a National Adaptation Plan (NAP) Process for the Federal Republic of Somalia

GCF funding: 2,957,213

Delivery partner: UNDP

- Enhance national institutional coordination and capacity for adaptation planning
- Strengthen capacity for climate change adaptation planning at the state level.
- Strengthen financial planning for climate change adaptation

Thank you
