

Office of Sustainability and Inclusion

The mission of the Office of Sustainability and Inclusion (OSI) is to ensure environmental and social co-benefits for people and planet and in parallel to apply a suite of related policies and safeguards standards. OSI manages and applies the environmental and social safeguards standards and the Revised Environmental and Social Policy, as well as safeguards against sexual exploitation, abuse and harassment; ensures a gender-responsive approach through gender mainstreaming in line with the Updated Gender Policy; drives implementation of the Indigenous Peoples Policy and supports the Indigenous Peoples Advisory Group. We provide expert assessments and advice, and undertake due diligence on environmental and social matters, to successfully execute GCF's mission and ensure that investments are sustainable and inclusive.
