

10 August 2020

Reference: RFP 2020/017 – Evidence Review on Results-Based Payments

ADDENDUM NO. 1

This Addendum is issued to complement and will constitute integral part of the Request for Proposals. The original Request for Proposals Document will remain in full force and effect. Respondents shall take this Addendum into consideration when preparing and submitting their proposal.

Responses to Requests for Clarifications

No	Clarification requested	Response
1.	On page 10 (methods and approaches) and p. 28 (evaluation criteria) of the RFP suggests systematic review as part of the assignment. Can we assume that these are inadvertent errors carried over from the previous version of the RFP, and that systematic review and meta-analysis are no longer requested?	Thank you for highlighting the inclusion of a systematic review on page 10 and page 28. This is an oversight on our part and you are correct to assume that a systematic review and meta-analysis are no longer required.
2.	In Section 9 (Engagement Committee, page 11) refers to the advisory committee. Can we assume that this is an inadvertent error, and that there will only be an engagement committee?	Thank you for highlighting the use of the term advisory committee. This should refer to the engagement committee. To confirm, there will only be one engagement committee for this evidence review.
3.	There are contradictory dates for submitting the first deliverable (theory of change): page 11 of the RFP mentions both 30 September 2020, and 30 October 2020 as the due date for the first deliverable. Can we assume that the correct due date is 30 October 2020?	The correct date is the 30 th October.
4.	On page 11 of the RFP, Phase 1 is called "Inception, Planning and EGM creation" (as in the first RFP). However, the creation of the EGM occurs in steps 2-6, which now actually take place in Phase 2. Can we assume that the EGM Creation can be struck from the name of the first phase?	The title of Phase 1 should be called 'Inception, Planning and Approach Paper'

Kind regards
