

13th September 2021

Reference: GCF/RFP/2021/030

ADDENDUM No. 2 - revised

Request for Proposal for Develop Office Layout, Design and Standards of GCF offices as well as to build/implement the design

Addendum No.2 has been revised to amend our response on one item:

I. Responses to Requests for Clarifications made during the Pre-Bid Conference that took place on 31 August 14:00

No	Clauses of RFP/Clarification Sought/Queries	Revised Response
3	The requirements on page 11 of the RFP e.g. the number of enclosed office and workstation etc., are these requirements that we need to include into the design?	These are indicative numbers based on our requirements. These should be considered in light of social distancing requirements, and possible innovative approaches that GCF could adopt in accommodating our personnel safely. Current social distancing requirements for GCF is 2m shoulder to shoulder but would be open to hear what industry standards you have experienced.

Kind regards
